Dear Congressman Thompson:

Thank you for your letter supporting the request by the Pennsylvania State Police (PSP) seeking a waiver of the Commission's narrowbanding requirement. Your views are very important and we will include them in the record as part of the Commission's review.

Section 90.209(b) of the Commission's rules requires private land mobile radio licensees in the 150-174 MHz and 450-512 MHz bands to operate using channel bandwidth of no more than 12.5 kHz or equivalent efficiency by January 1, 2013. On January 25, 2012, the PSP filed a petition seeking a waiver of this rule until December 31, 2014. On January 27, 2012, the Bureau released a Public Notice seeking comment on several petitions seeking waiver of the deadline, including the petition filed by the PSP. Interested parties have filed comments and they are currently being reviewed by the Bureau. For your convenience, I am enclosing a copy of the Public Notice.

I cannot comment on the merits of the PSP's petition, since this is a pending matter. I can assure you, however, that my staff will give the matter thorough, fair, and prompt review.

I appreciate your interest in this matter. Please let me know if I can be of any further assistance.
