Dear Senator Moran:

Thank you for your letter encouraging the Federal Communications Commission (FCC) to make an immediate determination as to whether the merger applications of SoftBank and Sprint are in the public interest. Your letter notes that the FCC has had an adequate opportunity to examine this proposed transaction and that the Committee on Foreign Investment in the United States (CFIUS) has completed its review of the proposed transaction and determined that the merger of SoftBank and Sprint raises no national security concerns. Your letter also notes that the proposed transaction has the potential to further expand competition and investment within our nation's vibrant mobile marketplace.

After thorough review, the Commission released an Order on July 5, 2013, finding that the proposed acquisition of Sprint by SoftBank would serve the public interest. The Order is available at http://transition.fcc.gov/Daily_Releases/Daily_Business/2013/db0705/FCC-13-92A1.pdf.
