GENERAL LEAVE

Mr. DOMINICK V. DANIELS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include extraneous matter on the bill just passed.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

EXTENDING EDUCATIONAL BROADCASTING FACILITIES PROGRAM

Mr. STAGGERS. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk the bill (H.R. 9630) to extend the educational broadcasting facilities program and to provide authority for the support of demonstrations in telecommunications technologies for the distribution of health, education, and public or social service information, and for other purposes, with Senate amendments thereto, and concur in the Senate amendments.

The Clerk read the title of the bill.

The Clerk read the Senate amendments, as follows:

Page 3, line 12, after "university" insert: "or other educational or cultural institution which is affiliated with an eligible college or university".

Page 8, line 21, strike out "June 30, 1976," and insert: "September 30, 1977."

The SPEAKER pro tempore. Is there objection to the request of the gentleman from West Virginia?

Mr. ROUSSELOT. Mr. Speaker, reserving the right to object, I wonder if the gentleman from West Virginia would explain to us what this is all about.

Mr. STAGGERS. Mr. Speaker, if the gentleman will yield, H.R. 9630, which was passed by the House on January 30, 1976, is a short and simple bill but nonetheless an important one. It authorizes appropriations for the public broadcasting facilities grant program which is administered by the Department of Health, Education, and Welfare. For that program, \$7.5 million is authorized for the transitional fiscal period; and \$30 million is authorized for fiscal year 1977.

The bill also authorizes the appropriation of funds for telecommunications demonstrations projects. For that program, \$1 million is authorized for fiscal year 1976, and \$250,000 is authorized for the transitional fiscal period.

The bill creates separate priorities for radio and television in the public broadcasting facilities grant program. In addition, the bill requires that the Secretary of Health, Education, and Welfare closely coordinate the administration of his functions outlined in this bill with both the FCC and the Corporation for Public Broadcasting.

The Senate passed this bill with two minor amendments on May 13, 1976:

The first Senate amendment is to section 4(a) of the bill and it proposes to broaden the eligibility of applicants under that provision to include other educational or cultural institutions which are affiliated with an eligible college or university.

The second Senate amendment to the bill (section 8) changes the authorization fiscal year from 1976 to 1977 for the telecommunications demonstration program.

I recommend that the Members of the House unanimously agree to the two minor Senate amendments and send this legislation to the President for his signature.

Mr. ROUSSELOT. Mr. Speaker, further reserving the right to object, those are the only two differences?

Mr. STAGGERS. Those are the only two differences.

Mr. ROUSSELOT. Mr. Speaker, I appreciate the distinguished committee chairman giving this explanation, and I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from West Virginia?

There was no objection.

GENERAL LEAVE

Mr. STAGGERS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks on the Senate amendments just concurred in.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from West Virginia?

There was no objection.
