Notes: This attachment provides a summary of the updated list of potentially eligible census blocks based on January 2012 American Roamer data. Due to the large number of potentially eligible blocks, the complete list will be provided in electronic format only, available as separate "Attachment A" files at <http://wireless.fcc.gov/auctions/901/>.

The District of Columbia does not have any unserved blocks.

The total number of Cellular Market Areas (CMAs) listed above is 625, but the number of CMAs with unserved blocks is actually 606. CMAs sometimes cross state boundaries, and the above total counts each CMA once per state. Of the CMAs with unserved blocks, the following 18 CMAs cover areas in more than one state: CMA006 (MA, NH); CMA011 (IL, MO); CMA023 (IN, KY); CMA030 (OR, WA); CMA085 (TN, VA); CMA088 (GA, TN); CMA108 (GA, SC); CMA110 (KY, OH, WV); CMA122 (NY, PA); CMA141 (MN, WI); CMA153 (AL, GA); CMA156 (ME, NH); CMA165 (AR, OK); CMA178 (OH, WV); CMA200 (OH, WV); CMA209 (KY, TN); CMA240 (AR, TX); and CMA269 (MD, WV).

The numbers above reflect all unserved blocks with road miles in any of the categories listed. This data is not restricted to the S1100, S1200, and S1400 road categories proposed for use in Public Notice DA 12-121.

\* The four U.S. territories included above are American Samoa (AS), the Commonwealth of the Northern Mariana Islands (MP), Guam (GU), and Puerto Rico (PR). The U.S. Virgin Islands is not included because it does not have any potentially eligible blocks (unserved blocks with road miles). The U.S. Census Bureau has not yet released 2010 Census block-level population data for any of the territories except Puerto Rico. Consequently, the population of the unserved blocks in territories without 2010 Census block-level data is listed above as n/a.
