NOTICE OF APPARENT LIABILITY FOR FORFEITURE**

Adopted: February 23, 2012

By the Chief, Audio Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (“Bureau”) has before it the application of WJZT Communications, LLC (“Licensee”) for renewal of its license for WTSM(FM), Woodville, Florida (“Station”). In this *Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture* (“NAL”),¹ we find that the Licensee apparently willfully and repeatedly violated Section 73.3526 of the Rules by failing to retain all required documentation in the WTSM(FM) public inspection file.² Based upon our review of the record before us, we conclude that Licensee is apparently liable for a monetary forfeiture in the amount of ten thousand dollars (\$10,000).

II. BACKGROUND

2. Section 73.3526 of the Rules requires a commercial broadcast licensee to maintain a public inspection file containing specific types of information related to station operations. The purpose of this requirement is to provide the public with timely information about the station at regular intervals throughout the license period.³ Among the materials required for inclusion in the file are the station’s quarterly issues/programs lists, which must be retained until final Commission action on the station’s next license renewal application.⁴

3. Section III, Item 3 of the license renewal application form, FCC Form 303-S, requests that the licensee certify that the documentation required by Section 73.3526, has been placed in the

¹ This NAL is issued pursuant to Sections 309(k) and 503(b) of the Communications Act of 1934, as amended (“Act”), and Section 1.80 of the Commission’s Rules (“Rules”). See 47 U.S.C. §§ 309(k), 503(b); 47 C.F.R. § 1.80. The Bureau has delegated authority to issue the NAL under Section 0.283 of the Rules. See 47 C.F.R. § 0.283.

² See 47 C.F.R. § 73.3526.

station's public inspection file at the appropriate times. Licensee answered "No" to that certification and attached an Exhibit 12 to the application Item. In the exhibit, Licensee states, in pertinent part:

Station staff was unaware that issues-programs reports were to be prepared and placed in the file on a quarterly basis. The station staff has been instructed as to the correct procedure and, to the extent possible, will create prior issues-programs reports for placement in the station's public inspection file.

Station staff were able to recreate the WTSM(FM) issues-programs report for the first quarter of 2011 (the second and third quarter issues-programs reports had already been completed and placed in the public inspection file on time). For the quarters prior to 2011 for which licensee is responsible (that is, from August 21, 2006, when WTSM(FM) was acquired by the current licensee, through 2010), there was not enough information available to prepare issues-programs reports.⁵

III. DISCUSSION

4. *Proposed Forfeiture.* As Licensee has acknowledged, at the time of the filing of the Station's license renewal application, and during periods within the license term, the Station's public inspection file did not contain many of the items required to be retained in the file by Section 73.3526 of the Rules. In this regard, where lapses occur in maintaining the public file, neither the negligent acts or omissions of station employees or agents, nor the subsequent remedial actions undertaken by the licensee, excuse or nullify a licensee's rule violation.⁶

5. Under Section 503(b)(1)(B) of the Act, a person who is found to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.⁷ Section 312(f)(1) of the Act defines willful as "the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.⁸ The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act,⁹ and the Commission has so interpreted the term in the Section 503(b) context.¹⁰ Section 312(f)(2) of the Act provides that "[t]he term 'repeated,' when used with reference to the commission or omission of any act, means the commission or

omission of such act more than once or, if such commission or omission is continuous, for more than one day.”¹¹

6. The Commission’s *Forfeiture Policy Statement* and Section 1.80(b)(4) of the Rules establish a base forfeiture amount of \$10,000 for violation of Section 73.3526.¹² In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in Section 503(b)(2)(D) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”¹³

7. In this case, although Licensee admitted to violating Section 73.3526, it did so only in the context of the question contained in its license renewal application that compelled such disclosure. Moreover, the violations were extensive, occurring over a period of more than four years – from the last quarter of 2006 through the first quarter of 2011, nearly the entire term of Licensee’s ownership of the Station -- and involving at least 18 issues/programs lists. Additionally, although Licensee has a history of compliance with the Rules, a downward adjustment is not appropriate here considering the extensive violations that occurred. Considering the record as a whole, we believe that a \$10,000 forfeiture is appropriate for the Section 73.3526 violations in this case.¹⁴

8. *License Renewal Application.* In evaluating an application for license renewal, the Commission’s decision is governed by Section 309(k) of the Act.¹⁵ That Section provides that if, upon consideration of the application and pleadings, we find that: (1) the station has served the public interest, convenience, and necessity; (2) there have been no serious violations of the Act or the Rules; and (3) there have been no other violations which, taken together, constitute a pattern of abuse, we are to grant the renewal application.¹⁶ If, however, the licensee fails to meet that standard, the Commission may deny the application – after notice and opportunity for a hearing under Section 309(e) of the Act – or grant the application “on terms and conditions that are appropriate, including a renewal for a term less than the maximum otherwise permitted.”¹⁷

9. We find that Licensee’s apparent violations of Section 73.3526 of the Rules do not constitute “serious violations” warranting designation for evidentiary hearing. Moreover, we find no evidence of violations that, when considered together, evidence a pattern of abuse.¹⁸ Further, we find that

¹⁸ For example, we do not find here that the Licensee's Station operation "was conducted in an exceedingly careless, inept and negligent manner and that the licensee is either incapable of correcting or unwilling to correct the operating deficiencies." See *Heart of the Black Hills Stations*, Decision, 32 FCC 2d 196, 198 (1971). Nor do we (continued . . .)

the Station served the public interest, convenience, and necessity during the subject license term. We will therefore grant the license renewal application by separate action upon the conclusion of this forfeiture proceeding if there are no issues other than the apparent violation that would preclude grant of the application.
