**APPLICATIONS FILED FOR THE TRANSFER OF CONTROL
OF SUBSIDIARIES OF MCV GUAM HOLDING CORP.
TO DOCOMO GUAM HOLDINGS, INC.**

PLEADING CYCLE ESTABLISHED

WC Docket No. 12-265

Petitions/Comments Due: October 17, 2012
Reply Comments Due: October 24, 2012

MCV Guam Holding Corp. (MCVGH and together with its affiliates, MCV) and DOCOMO Guam Holdings, Inc. (DOCOMO Guam) (collectively, Applicants) filed a series of applications pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended (Communications Act),¹ and the Cable Landing License Act of 1921,² seeking approval for the transfer of control of the licenses and authorizations held by MCV to DOCOMO Guam.³

MCV, incorporated in Guam, provide cable television, competitive telecommunications services (through Guam Telecom LLC), and other services to business and residential customers in Guam. The companies' offerings are combined under the name MCV Broadband. MCV also resells wireless service as a non-facilities-based mobile virtual network operator in Guam to its customers that receive other services it provides. Applicants state that CNMI Telecom LLC, an affiliate of MCVGH, is authorized to provide competitive telecommunications services in the Commonwealth of the Northern Mariana Islands (CNMI) but does not currently provide any services. CNMI Cablevision LLC d/b/a Marianas Cablevision provides cable television service in the islands of Saipan, Tinian, and Rota. Guam Cable Group, Inc. holds certain rights in the China-US undersea cable that permit it to collocate equipment at the Tumon Bay and Tanguisson cable landing stations in Guam, and leasehold interests in fiber optic capacity linking

³ Application of MCV Guam Holding Corp and DOCOMO Guam Holdings, Inc. to Transfer Control of Domestic Section 214 Authorizations, WC Docket No. 12-265 (filed Sept. 24, 2012); Applications of MCV Guam Holding Corp. and DOCOMO Guam Holdings, Inc. to Transfer Control of International Section 214 Authorizations, File Nos. ITC-T/C-20120921-00240, ITC-T/C-20120921-00241; ITC-T/C-20120921-00243 (filed Sept. 21, 2012); Application of DOCOMO Guam Holdings, Inc. to Transfer Control of Guam Cable Group, Inc.'s Interest in the China-U.S. Cable, SCL-T/C-20120924-00011 (filed Sept. 21, 2012); and Application of DOCOMO Guam Holdings, Inc. to Transfer Control of CARS Licensee CNMI Cablevision, LLC, CAR-20120927AA-09 (filed Sept. 21, 2012).

these cable landing stations. Guam Cable Group, Inc. makes these facilities available to other licensed carriers for resale and does not provide services to end users.

DOCOMO Guam, a Guam corporation, is a wholly owned subsidiary of NTT DOCOMO, INC. (DOCOMO), a Japanese corporation that provides facilities-based wireless services in Guam and the CNMI through its wholly owned subsidiary, DOCOMO PACIFIC, INC. Applicants state that NIPPON TELEGRAPH AND TELEPHONE CORPORATION (NTT), a Japanese corporation, has a 63.32 percent direct equity and 66.65 percent direct voting interest in DOCOMO. The Japan Ministry of Finance, a Japanese government entity, has a 32.59 percent direct voting and equity interest in NTT. Applicants further state that an affiliate of DOCOMO Guam, NTT DOCOMO USA, INC., holds an indirect minority interest in Keystone Wireless that provides wireless telecommunications services in Pennsylvania, and that it provides wireless telecommunications services through its facilities as DOCOMO USA Wireless in the U.S. mainland and Hawaii.

Pursuant to the terms of the proposed transaction, DOCOMO Guam will purchase all of the stock of MCVGH. Upon consummation, MCVGH and its subsidiaries will become wholly owned subsidiaries of DOCOMO Guam.

Applicants assert that the transaction is in the public interest and will allow DOCOMO to bring its telecommunications expertise, management resources, and financial stability to MCV's operations in Guam and the CNMI. They maintain that the proposed transaction will not result in competitive harm because MCV and DOCOMO Guam provide distinct services and that each of the services provided by MCV is subject to competition in Guam and the CNMI. Applicants state that there are currently four facilities-based wireless carriers in Guam and that MCV's primary competitor is the incumbent local exchange carrier (LEC) in Guam, which provides cable television, high speed data, Voice over Internet Protocol, and wireless services. In CNMI, Applicants state that MCV faces competition for high speed data services from the incumbent LEC.

DOCOMO Guam is a party to the Agreement between Guam Cellular and Paging, Inc. and DOCOMO Guam Holdings, Inc. on the one hand, and the Federal Bureau of Investigation, the U.S. Department of Justice, and the U.S. Department of Homeland Security on the other.⁴ DOCOMO Guam affirms that the commitments and undertakings in the Agreement will continue to be binding after the proposed transfer of control. In addition, DOCOMO Guam agrees to accept as a condition to grant of the proposed transfer of control that the terms and conditions of the Agreement apply to the additional facilities and licenses proposed to be transferred to DOCOMO Guam.
