## **COMMENTS INVITED ON APPLICATION OF XO COMMUNICATIONS, LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 12-370**  
**Comp. Pol. File No. 1073**

**Comments Due: January 7, 2013**

### **Section 214 Application**

**Applicant: XO Communications, LLC**

On December 7, 2012, **XO Communications, LLC** (XO or Applicant), located at **13865 Sunrise Valley Drive, Herndon, Virginia 20171-4661**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in California, Florida, Georgia, Kentucky, Maryland, Nevada, New York, Ohio, Oregon and Texas (collectively Service Areas).<sup>1</sup>

XO indicates that it currently offers Wholesale Dial and Enterprise Dial services (collectively Dial-Up Services) in the Service Areas through certain operating subsidiaries including XO Communications Services, LLC and XO Telecommunications of Nevada, LLC. XO explains that its Dial-Up Services enable subscribers to access ISPs with dial-up transmission-only service. XO states, however, that it is in the process of streamlining its product offerings and that it has decided to discontinue its Dial-Up Services in order to better focus on services most requested by customers. XO indicates that it previously sought and obtained authority to discontinue these services in certain locations.<sup>2</sup> XO asserts, however, that it has identified a few additional customers in the Service Areas whose service was not discontinued because they did not receive the initial notice of discontinuance. XO states that it now plans to discontinue its Dial-Up Services in the Service Areas effective January 21, 2013. According to XO, affected customers should not be harmed by the proposed discontinuance because there are alternative dial-up service providers and technologically advanced services that perform essentially the same or better functions. XO maintains that customers should still be able to access ISPs through alternative means including through other telecommunications carriers as well as through the ISPs themselves. XO indicates that it provided written notice to affected subscribers by first class mail dated November 30, 2012. XO states that it is considered non-dominant with respect to the services to be discontinued.

<sup>1</sup> The Competition Policy Division of the Wireline Competition Bureau subsequently received the filed application on December 14, 2012.

<sup>2</sup> See *Comments Invited on Application of XO Communications, LLC to Discontinue Domestic Telecommunications Services*, Public Notice, WC Docket No. 12-313, DA 12-1718 (rel. Oct. 24, 2012).

In accordance with section 63.71(c) of the Commission's rules, XO's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies XO that the grant will not be automatically effective. In its application and notice to customers, XO indicates that it plans to discontinue its Dial-Up Services effective January 21, 2013. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
