Report No. SAT-00938

Friday March 22, 2013

Policy Branch Information

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-APL-20130308-00028 E S2889 Satelites Mexicanos S. A. de C. V.
Date Filed: 03/08/2013 18:28:42:91000
Amendment to PDR/PPL

A description of the above-captioned application was provided under IBFS File No. SAT-PPL-20121218-00217 in a Public Notice released on March 15, 2013. See Policy Branch Information: Satellite Space Applications Accepted for Filing, Report No: SAT-00937. Petitions, oppositions and other pleadings in response to the above-captioned application must be filed by the same date as the date established for IBFS File No. SAT-PPL-20121218-00217: April 15, 2013.

SAT-MOD-20130225-00024 E S2134 SES Americom, Inc.
Date Filed: 02/25/2013 22:19:51:96600
Modification

SES Americom, Inc. requests to modify its authorization for the AMC-2 space station to specify operations at the 80.85° W.L. orbital location, instead of its currently assigned 19.2° E.L. orbital location. SES Americom seeks to provide Fixed-Satellite Service, including direct-to-home service, at 80.85° W.L. in the 3700-4200 MHz (space-to-Earth), 5925-6425 MHz (Earth-to-space), 11.7-12.2 GHz (space-to-Earth), and 14.0-14.5 GHz (Earth-to-space) frequency bands. SES Americom also seeks authority to conduct telemetry, tracking, and command operations to maintain AMC-2 at 80.85° W.L. with an east-west stationkeeping volume of +/- 0.15 degrees using the following center frequencies: 3700.5 MHz (space-to-Earth), 4199.5 MHz (space-to-Earth), and 6423.5 MHz (Earth-to-space). As part of its request, SES Americom seeks waivers of Sections 25.210(j) and 25.114(d)(3) of the Commission's rules.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
