## WIRELESS TELECOMMUNICATIONS BUREAU GRANTS BROADBAND RADIO SERVICE LICENSE

### Auction 86

#### Report No. AUC-86 (Auction 86)

On October 30, 2009, the Federal Communications Commission completed Auction No. 86 for Broadband Radio Service licenses in the 2496-2502, 2602-2615, and 2616-2673.5 MHz bands (“BRS”).<sup>1</sup> After a preliminary review of the FCC long-form applications (FCC Form 601), the application listed in the Attachment to this Public Notice was accepted for filing.<sup>2</sup> Upon further review, we find that the application listed in the Attachment is complete and conforms to the Commission’s rules with respect to the license listed in the Attachment. Furthermore, the Commission has received full payment, as required by section 1.2109(a) of its rules,<sup>3</sup> for the license listed in the Attachment. With respect to the other license requested in the application, Ztark has chosen to default on its winning bid for that license,<sup>4</sup> and its application will be dismissed with respect to that license. This partial grant is being made pursuant to a request from the applicant.<sup>5</sup>

Accordingly, by this Public Notice, we announce the grant of the license listed in the Attachment. We grant this license pursuant to Section 309(a) of the Communications Act, 47 U.S.C. § 309(a), and section 0.331 of the Commission’s rules, 47 C.F.R. § 0.331, because it will serve the public interest, convenience, and necessity.

Please contact Genevieve Ross, Wireless Telecommunications Bureau, Broadband Division, at (202) 418-1305, for questions regarding legal matters and licensing issues.
