## Petition Filed Requesting Reconsideration of Denial of Equipment Authorization for Cable Systems Terminal Devices

The Office of Engineering and Technology (OET) has received a Petition for Reconsideration and Request for Referral to the Commission regarding denial of applications filed by Everquest, Inc. for certification of five different models of cable system terminal devices. Pursuant to Section 1.115, oppositions to the petition may be filed on or before June 26, 1995. Replies to oppositions may be filed on or before July 6, 1995.

The petition is available for public inspection during normal business hours in OET's Technical Reference Library, 2000 M St., N.W., Room 230, Washington, DC and in the Applications Processing Branch at the FCC Laboratory, 7435 Oakland Mills Road, Columbia, MD 21046. Copies of the petition may also be obtained from International Transcription Service, Inc., (202) 857-3800.

Questions concerning this matter may be directed to Mr. Richard Fabina of the Applications Processing Branch at (301) 725-1585, ext. 220.
