PLEADING CYCLE ESTABLISHED FOR COMMENTS ON GTE'S PETITION FOR WAIVER OF THE REQUIREMENT TO PLACE CERTAIN SERVICES INTO FEDERAL AND STATE ONA TARIFFS

CC DOCKET NO. 92-256

Released: July 19, 1995

On July 7, 1995 the GTE Telephone Operating Companies and GTE System Telephone Companies (GTE) filed a petition seeking a waiver of the requirement of the GTE ONA Order that requires GTE to place certain local and obsolete services identified in its ONA Plan into the Federal and State ONA access tariffs.

In its waiver petition, GTE proposes to include three Basic Service Elements by reference in its federal access tariff rather than create an ONA offering. GTE also proposes to eliminate the access Alarm Signal Transport Service Basic Service Arrangement from its ONA Plan because the underlying technology supporting this local service is becoming obsolete.

Interested parties should file comments on GTE's waiver request by **July 31, 1995**, and reply comments by **August 7, 1995**, the Secretary, FCC, 1919 M Street, N.W., Washington, D.C. 20554. Copies should also be sent to Janice M. Myles, Common Carrier Bureau, FCC, Room 544, 1919 M Street, N.W., Washington, D.C. 20554, and to the Commission's contractor for public service records duplication: ITS, Inc., 2100 M Street, N.W., Suite 140, Washington, D.C. 20037. Copies of the waiver request can be obtained from ITS at (202) 857-3800.

We will treat this proceeding as non-restricted for purposes of the Commission's ex parte rules. See generally 47 C.F.R. §§ 1.1200-1.1216. For further information contact Janice M. Myles, Policy and Program Planning Division of the Common Carrier Bureau, at (202) 418-1577.
