Above 1 GHz)	
)	

ORDER

Adopted: December 14, 1995

Released: December 14, 1995

By the Chief, International Bureau:

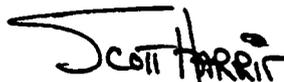

1. By this Order, we grant TRW Inc's request to suspend the comment/petition deadline of December 15, 1995, established in the November 1, 1995 Public Notice, Report No. SPB-29, with respect only to TRW Inc.'s Application for Modification of Conditional License in the Mobile Satellite Service Above 1 GHz. This action is taken due to the fact that TRW is in the process of finalizing an amendment to its modification application that will modify the feeder link frequencies it is requesting in light of actions of the WRC-95. TRW expects to file this amendment by December 29, 1995.

2. We believe that a new comment/petition deadline for the TRW modification serves the public interest and will allow commenters to respond to a more complete and accurate record, and avoid duplicative filings.

3. The comment date with respect to the other applications in the November 1, 1995 Public Notice remains **unchanged**. A new comment/petition deadline will be established by public notice following the submission of TRW's forthcoming amendment.

4. Accordingly, pursuant to Section 0.261 of the Commission's rules on delegation of authority, 47 C.F.R. § 0.261, TRW Inc.'s request for suspending the comment/petition deadline with respect to above-referenced application is granted.

FEDERAL COMMUNICATIONS COMMISSION

Scott Blake Harris
Chief, International Bureau
