Received & Inspected

JUN 20 2016

FCC Mail Room

June 10, 2016

The Honorable Thomas Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

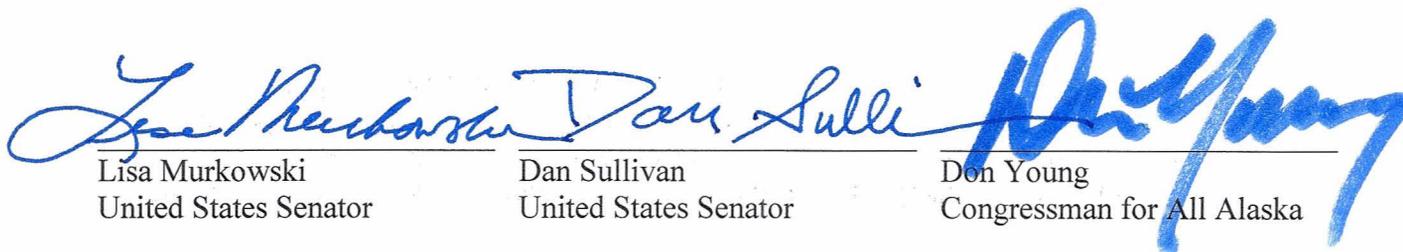

We are writing to you today to raise an issue of high importance to a company in Homer, Alaska, Peninsula Communications, Inc. (PCI). PCI is a small family business, which has been owned and operated by David and Eileen Becker since 1978.

It has come to our attention that PCI has a number of pending applications in front of the FCC; in fact, these applications have been pending for several years now. Since 2003, the FCC has taken no action to approve or deny any of these applications, leaving PCI in a state of complete uncertainty and ultimately impacting the Becker's ability to retire.

We find it completely unacceptable for 13 years to pass and PCI still see no action on any of their license renewal applications. There are a total of 19 outstanding pending applications that have received no FCC attention or processing decisions whatsoever other than notices of "Accepted for Filing." PCI cannot and should not be required to wait any longer for the FCC to act.

As a result, we request that within 30 days of the date of this letter, you provide us a date certain on when your agency plans to act on these pending applications.

Sincerely,

Lisa Murkowski Dan Sullivan Don Young
United States Senator United States Senator Congressman for All Alaska

cc: Commissioner Ajit Pai
Commissioner Mignon Clyburn

Commissioner Michael O'Reilly
Commissioner Jessica Rosenworcel
Chairman John Thune
Ranking Member Bill Nelson
