

## Communications Status Report for Areas Impacted by Hurricane Maria September 21, 2017

The following is a report on the status of communications services in geographic areas impacted by Hurricane Maria as of September 21, 2017 at 11:00 AM EDT. This report incorporates network outage data submitted by communications providers to the Federal Communications Commission's Disaster Information Reporting System (DIRS). DIRS is currently activated for all counties in Puerto Rico and the U.S. Virgin Islands. Note that the operational status of communications services during a disaster may evolve rapidly, and this report represents a snapshot in time. It should also be noted that many communications providers have not yet reported in DIRS, so outage information almost certainly is not complete.

The following counties are in the geographic area that was covered by the DIRS activation as of this morning (the "disaster area").

**Puerto Rico:** Adjuntas, Aguada, Aguadilla, Aguas Buenas, Aibonito, Anasco, Arecibo, Arroyo, Barceloneta, Barranquitas, Bayamon, Cabo Rojo, Caguas, Camuy, Canovanas, Carolina, Catano, Cayey, Ceiba, Ciales, Cidra, Coamo, Comerio, Corozal, Culebra, Dorado, Fajardo, Florida, Guanica, Guayama, Guayanilla, Guaynabo, Gurabo, Hatillo, Hormigueros, Humacao, Isabela, Jayuya, Juana Diaz, Juncos, Lajas, Lares, Las Marias, Las Piedras, Loiza, Luquillo, Manati, Maricao, Maunabo, Mayaguez, Moca, Morovis, Naguabo, Naranjito, Orocovis, Patillas, Penuelas, Ponce, Quebradillas, Rincon, Rio Grande, Sabana Grande, Salinas, San German, San Juan, San Lorenzo, San Sebastian, Santa Isabel, Toa Alta, Toa Baja, Trujillo Alto, Utuado, Vega Alta, Vega Baja, Vieques, Villalba, Yabucoa and Yauco

**U.S. Virgin Islands:** St. Croix, St. John, St. Thomas

### 911 Services

The Public Safety and Homeland Security Bureau (PSHSB) learns the status of each Public Safety Answering Point (PSAP) through the filings of 911 Service Providers in DIRS, reporting to the FCC's Public Safety Support Center (PSSC), coordination with state 911 Administrators, and, if necessary, from individual PSAPs.

Our current information is that the two PSAPs in Puerto Rico are functioning normally. Two PSAPs in the U.S. Virgin Islands (St. Croix 9-1-1 Call Center and St. Thomas 9-1-1 Call Center) are unable to retrieve Phase I and Phase II location information for wireless callers and Automatic Number Identification (ANI)/ALI for VoIP Callers.

### Wireless Services

The following section describes the status of wireless communications services and restoration in the disaster area, including the percentage of cell sites out of service for each county.

The following map of the disaster area illustrates which counties in Puerto Rico are most affected:

## Percent Cell Sites Out-of-Service By County

9/21/2017 11:01:12 AM

The information shown was provided by the signatories to the Wireless Resiliency Cooperative Framework and one additional company that agreed to allow us to include their data in the aggregated data:

**Puerto Rico:** Overall, 95.2% of cell sites are out of service. All counties in Puerto Rico have greater than 75% of their cell sites out of service. 48 out of the 78 counties in Puerto Rico have 100% of their cell sites out of service.

**U.S. Virgin Islands:** Overall, 76.6% of cell sites are out of service. All counties have 60% or more of their cell sites out of service.

The tables below provide the percentage of cell sites out of service by county per state or territory. Counties highlighted in red have 100% of their cell sites out of service.

**Puerto Rico:**

State	Affected Counties	Cell Sites Served	Cell Sites Out	Percent Out

<b>TOTAL</b>		<b>107</b>	<b>82</b>	<b>76.6%</b>

### **Cable Systems and Wireline (Combined)**

Since there are widespread power outages in Puerto Rico and the U.S. Virgin Islands, the FCC has received reports that large percentages of consumers are without either cable services or wireline service.

### **Broadcast**

TV stations out of service: Only one television station has reported being out of service. Other stations have yet to report.

**Puerto Rico:** WKAQ

Radio stations out of service: No radio stations have reported in DIRS so far.
