COMMISSION ACKNOWLEDGES RECEIPT OF LETTERS SELF-CERTIFYING LECS AS RURAL TELEPHONE COMPANIES

CC Docket 96-45

Released: June 22, 1998

The Universal Service Order, FCC 97-157 (rel. May 8, 1997), established that rural and non-rural local exchange carriers (LECs) will receive federal universal service support determined by separate mechanisms.¹ This bifurcated system is currently scheduled to be implemented January 1, 1999. In order to differentiate between rural and non-rural carriers, the Commission released a Public Notice on September 23, 1997 that requires LECs seeking to be classified as rural telephone companies to file a letter with the Commission by April 30 of each year in which they self-certify that they meet the statutory definition of "rural."² The *Self-Certification Public Notice* requires a LEC that self-certifies its status as a rural carrier to explain how it meets at least one of the four criteria set forth in Section 153(37) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996.³

In this Public Notice, we acknowledge receipt of the self-certification letters of the LECs listed in Attachment 1.⁴ This Public Notice merely lists the carriers that have submitted rural self-certification letters; it does not confer status as a "rural telephone company" on these carriers. As set forth in the *Self-Certification Public Notice*, the Commission will send a list of carriers certified as rural telephone companies to the Universal Service Administrative Company (USAC) by July 31 of each year. To the extent that we require additional information to clarify the status of a carrier that has submitted a self-certification letter, we will contact that carrier directly prior to the time we submit the list of rural carriers to USAC.

¹ Federal-State Joint Board on Universal Service, *Report and Order*, 12 FCC Rcd 8776, 8927, para. 273 (1997) (*Order*).

² Self-Certification as a Rural Telephone Company, *Public Notice*, DA 97-1748 (rel. Sept. 23, 1997) (*Self-Certification Public Notice*).

³ See 47 U.S.C. § 153(37) ("rural telephone company" is defined as local exchange carrier that: serves study area that does not include any incorporated place of 10,000 inhabitants or more or any urbanized area; serves fewer than 50,000 access lines; serves study area with fewer than 100,000 access lines; or has less than 15 percent of its access lines in communications of more than 50,000 on date enactment of Telecommunications Act of 1996). See also *Order* at 8943, para. 310.

⁴ See *Self-Certification Public Notice* ("By June 30 of each year, the Commission will acknowledge receipt of the carrier's self-certification as a rural carrier.").

For further information contact Adrian Wright, Accounting Policy Division, Common Carrier Bureau at (202) 418-7400.

--Action by Chief, Accounting Policy Division--
