**COMMISSION SEEKS COMMENT ON  
GVNW REQUEST FOR CLARIFICATION  
AND/OR MODIFICATION OF CERTAIN PROVISIONS  
IN PARTS 32, 36, 54, AND 69 OF THE COMMISSION'S RULES**

**CC DOCKET NO. 96-45  
DA 98-1421**

**Release Date: July 16, 1998**

**Comment Date: August 6, 1998  
Reply Comment Date: August 20, 1998**

On June 16, 1998, GVNW filed a letter with the Commission requesting clarification and/or modification of the following provisions in Parts 32, 36, 54, and 69 of the Commission's rules:

*Part 32.* GVNW seeks clarification as to whether end user revenues for interstate special access services should be recorded in Account 5081 under 47 C.F.R. § 32.5081 or Account 5083 under 47 C.F.R. § 32.5083.

*Part 36.* In calculating the interstate allocation factor under Section 36.125(f) of the Commission's rules, 47 C.F.R. § 36.125(f), GVNW claims that the rule should require that carriers calculate the weighted DEM using the 1996 COE Category 3 allocation factor, not the 1996 interstate weighted DEM factor as currently provided in the rule. Accordingly, GVNW requests that the Commission clarify the appropriate method for calculating weighted DEM. GVNW further requests that the Commission confirm that it will continue to use the 1996 weighting factors set forth in Section 36.125(f) of the Commission's rules, 47 C.F.R. § 36.125(f), which are based on the number of access lines in place as of 1996. In addition, GVNW requests that the Commission clarify that, under 47 C.F.R. § 36.380(b), carriers are required to allocate one-third of their billing and collection expenses to the interstate jurisdiction only if the local exchange carrier bills or collects interstate revenues from end users on behalf of interexchange carriers.

*Part 69.* GVNW requests that the Commission clarify whether carriers should be permitted to recover universal service contributions through carrier common line charges, as directed in the universal

service proceeding. *See Federal-State Joint Board on Universal Service, First Report and Order, CC Docket No. 96-45, 12 FCC Rcd 8776, 9200 (1997), appeal pending sub nom. in Texas Office of Util. Counsel, No. 97-60421 (5th Cir. filed June 25, 1997).* GVNW notes that the Commission's recently released RAO Letter 27 provides that universal service contributions should be recorded in Account 6540 (Access Expenses). In addition, under Part 36, carriers are able to assign universal service expenses to the appropriate jurisdiction. GVNW notes, however, that section 69.401(e) of the Commission's rules provides that expenses in Account 6540 shall be assigned to the interexchange category and does not permit a carrier to assign universal service expenses to the common line element. *See 47 C.F.R. § 69.401(e).* GVNW requests that assignment to the common line element remain in effect until the Commission addresses this issue either in the rulemaking proceeding referenced in RAO Letter 27, or through modifications that could be made in the pending proceeding regarding access charge reform for rate or return companies. *See Access Charge Reform for Incumbent Local Exchange Carriers Subject to Rate or Return Regulation, CC Docket No. 98-77, FCC 98-101 (rel. June 4, 1998).*

Part 54. With regard to developing average investment for local switching under 47 C.F.R. § 54.301(d)(1), GVNW seeks clarification as to whether carriers should average the investment prior to, or after, allocation of such investment to switching. GVNW also requests that the Commission confirm that Account 2210 should be allocated to switching under 47 C.F.R. § 54.301(c). Moreover, GVNW seeks clarification as to whether the depreciation expense referenced in 47 C.F.R. § 54.301(d)(2) includes only the depreciation expense in Account 6560, Sub-Account 2210, or if it also includes the depreciation expense Account 6560, Sub-Account 2110, which is allocated to local switching in 47 C.F.R. § 54.301(c). Finally, GVNW requests that the Commission clarify that federal taxes are to be included in 47 C.F.R. § 54.301(d)(4) and all other taxes are to be included in 47 C.F.R. § 54.301(d)(3).
