Re: CC Docket 94-1 Price Cap Performance Review
CC Docket 96-45 Universal Service
CC Docket 99-249 Low-Volume Long Distance Users
CC Docket 96-262 Access Charge Reform

Dear Ms. Salas:

Today, the Coalition for Affordable Local and Long Distance Services ("CALLS") submitted an *ex parte* filing that outlines modifications to its earlier July 29, 1999 proposal. In this letter, I outline the course of action that AT&T will take if appropriate reforms are implemented.

On the condition and understanding that the Commission will provide at least \$2.1 billion in usage-sensitive interstate access charge reductions (as calculated in the analyses underlying the plan proposed by CALLS and submitted to the Commission) and elimination of the residential and single-line business presubscribed interexchange carrier charge ("PICC") no later than July 1, 2000, and provided further that interexchange carriers obtain the other benefits specified in the CALLS plan, as modified by CALLS' February 25, 2000 *ex parte* submission, AT&T will take the following steps to ensure that consumers benefit from these critical changes.

First, no later than July 1, 2000, AT&T will eliminate the minimum usage requirement on its residential interstate Basic Schedule for 5 years, although AT&T reserves the right to work with the Commission to revise or eliminate this commitment after 3 years if market circumstances warrant, and this commitment will no longer apply if one or more carriers with a combined market share of at least 10 percent of total

interstate interexchange revenues is or are permitted to maintain a minimum usage or other flat fee charge on a similar basic schedule or schedules.

Second, no later than July 1, 2000, AT&T will modify its residential domestic interstate Basic Schedule usage rates in conjunction with elimination of the minimum usage requirement, and once it establishes those rates, will not increase those rates for 1 year. In addition, AT&T will notify every residential interstate Basic Schedule customer that these changes are taking place and advise those customers of other AT&T calling plans, including but not limited to the AT&T One Rate Basic plan, that may better serve an individual customer's needs.

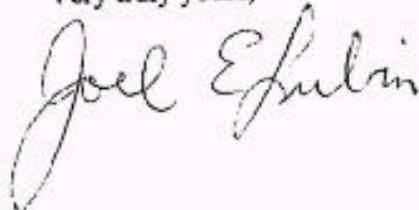

Third, AT&T will maintain the AT&T One Rate Basic plan rate of 19¢ per minute at all times for domestic interstate calls from home, with no monthly recurring charge and no minimum usage requirement, for 1 year from the date it establishes revised Basic Schedule rates.

Fourth, when the residential and single-line business PICCs are eliminated as charges assessed to interexchange carriers, AT&T will eliminate the Carrier Line Charge, which is its PICC recovery mechanism, for these long distance customers.

Fifth, to the extent that AT&T realizes reductions in its access costs as a result of the reforms described above, it will, over the life of the plan, flow those savings through to residential and business customers.

Eight copies of this Notice are being submitted in accordance with Section 1.1206 of the Commission's rules.

Very truly yours,

A handwritten signature in cursive script, reading "Joel Eshlin". The signature is written in black ink and is positioned below the typed name "Joel Eshlin".

Re: CC Docket Nos. 96-262, 94-1, 96-45, 99-249

Dear Ms. Salas:

In the event the Commission adopts the access reform plan previously submitted by the Coalition for Affordable Local and Long Distance Service ("CALLS"), together with the modifications submitted by CALLS today, without any further changes, Sprint Communications Co. L.P. ("Sprint") commits to the following:

- (1) At such time as the incumbent local exchange carriers eliminate the presubscribed interexchange carrier charge on lines for residential and single-line business customers, Sprint will eliminate its Presubscribed Line Charge for residential and single-line business customers.
- (2) Sprint will not impose a minimum usage charge ("MUC") on at least one basic rate plan for the duration of the CALLS plan,¹ provided that if any other interexchange carrier that is now or hereafter a party to the CALLS plan reserves the right to impose a MUC on its basic rate plan prior to the termination of the CALLS plan, Sprint reserves the right to do so as well under similar terms and circumstances.
- (3) Sprint will not increase the per-minute usage rates on domestic interstate 1+ calls on its Sprint Standard Weekend plan from July 1, 2000 through July 1, 2001.

¹ For at least the period July 1, 2000 through July 1, 2001, the Sprint Standard Weekend plan will be its basic plan for purposes of this commitment.

Ms. Magalie Roman Salas
February 25, 2000
Page 2

- (4) Sprint will send a communication to all its residential customers who not presently on the Sprint Standard Weekend Plan by July 1, 2000 or as soon as practicable thereafter, informing them, at a minimum, of the Sprint Standard Weekend plan and instructing them how to select that plan (or any other plan also described in the communication).
- (5) To the extent Sprint realizes a reduction in access costs from the CALLS plan, Sprint will flow through those savings over the life of the plan to both residential and business customers.

This letter is being filed electronically.

Sincerely,

A handwritten signature in cursive script, appearing to read "Richard J. ...".
