Petition for Declaratory Ruling

GTE HAWAIIAN TEL INTERNATIONAL INCORPORATED

GTE Hawaiian Tel International Incorporated (HTI) has petitioned the Commission for a declaratory ruling that an alternative settlement arrangement negotiated with KDD International (KDD) for service to and from Japan is permitted under the framework adopted by the Commission. The proposed arrangement provides for an accounting rate arrangement covering interexchange message telecommunications service at a rate that is less than the benchmark rate of \$0.15 per minute.

HTI stipulates that Japan is a member of the World Trade Organization. It argues that the FCC has authorized U.S. carriers to provide international simple resale (ISR) services on the U.S.-Japan route which provides a further competitive check on the proposed alternative settlement arrangement, and that less than twenty-five percent of the traffic to or from Japan would be affected.
