February 22, 1999

International Bureau Announces IBFS Demonstration Session

On February 10, 1999 the International Bureau made the internet components of the IBFS system available to the public, including on-line reporting and electronic application filing capabilities. A variety of application processing reports are available to the public for the first time via the internet at <http://ibfswb.fcc.gov/webreports>, the IBFS homepage. Users may also access the IBFS homepage through links provided on the International Bureau's home page at www.fcc.gov/ib.

In support of this effort, the International Bureau will hold IBFS demonstration/training sessions throughout the day on March 2, 1999 in Room 103, 2000 M. Street, N.W. Sessions will be conducted at 10:00 am, 11:30 am, 2:00 pm and 3:30 pm. Interested parties are encouraged, but not required, to contact Jacki Ponti at jponti@fcc.gov or 202-418-0436 in advance to ensure space availability.
