Report No. SAT-00010

Wednesday March 3, 1999

## SATELLITE POLICY BRANCH INFORMATION

### Applications Accepted For Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

---

**SAT-AMD-19990114-00009** S2144 SPACE IMAGING L.P.

Amendment

Amendment to Application for Modification of Milestone Schedule for Space Imaging Remote Sensing satellite [See File No. SAT-MOD-19980612-00052].

---

**SAT-LOA-19990126-00018** S2368 PANAMSAT LICENSEE CORP.

Launch and Operating Authority

PanAmSat Licensee Corporation has filed an application to launch and operate PAS-1R, a hybrid C/Ku-band fixed satellite service satellite, as a replacement satellite at 45 degrees W.L. PanAmSat operates its PAS-1 satellite at 45 degrees and intends to operate both the PAS-1 and PAS-1R at that location for as long as PAS-1 can maintain its position. The PAS-1R satellite will consist of thirty-six 36 MHz transponders in both the C and Ku-bands, employing full frequency reuse through dual linear polarization and geographic isolation. Proposed services are non-common carrier and include voice, video and data services, serving North and South America, the Caribbean, Europe and Africa.

---

**SAT-MOD-19990128-00017** IS-515 COLUMBIA COMMUNICATIONS CORPORATION

Modification

Columbia Communications Corporation has filed an application for modification of its existing geostationary space station authorization. Columbia is authorized to provide C-band capacity on the Columbia 515 satellite located at 37.7 degrees W.L. (see Columbia Communications Corporation, DA 98-1081 (released September 8, 1998)). Columbia requests a modification of that authorization to permit it to use the Ku-band capacity available on that satellite.

### CORRECTION:

In Public Notice, Report No. SPB-148 (released February 16, 1999), the last sentence of in the second paragraph should read as follows:

Accordingly, effective February 16, 1999, ex parte presentations in this proceeding are subject to the disclosure requirements set forth in Section 1.1206 of the Commission's rules. 47 C.F.R. § 1.1206.

For more information concerning this Notice, contact the Satellite and Radiocommunication Division at 418-0719; TTY 202-418-2555.
