MASS MEDIA BUREAU MULTIPOINT DISTRIBUTION SERVICE APPLICATIONS

Report No. D-1000

August 19, 1998

By the Chief, Mass Media Bureau:

IN RE: APPLICATIONS ACCEPTED FOR FILING

The applications listed herein, upon initial review, appear to be complete and have been accepted for filing. The Commission reserves the right to return or dismiss any of these applications, if upon further examination, it is determined they are defective or not in substantial compliance with Commission Rules. See 47 C.F.R. Sections 21.20 and 21.26.

Final action will not be taken on any of these applications until the expiration of a period of 30 days following the date of this notice, except for microwave radio applications not requiring a 30-day notice period (see Section 309(c) of the Communications Act), or as otherwise noted. See 47 C.F.R. Sections 1.4 and 21.27. Unless specified to the contrary, comments or petitions may be filed concerning these applications within 30 days of the date of this notice, with the limited exception under 47 C.F.R. Section 21.902(i). See 47 C.F.R. Sections 21.30 and 21.902(i).

With regard to mutual exclusivity of these Multipoint Distribution Service applications, see 47 C.F.R. Sections 21.31. and 21.914. With limited exceptions, an application which is subsequently amended by a major change will be considered as a newly filed application for purposes of the "cut-off" rule. See 47 C.F.R. Sections 21.23 and 21.31.

For information on other microwave facilities, refer to Public Notices released by the Wireless Bureau.

AIR HAZARDS CAUSED BY IMPROPERLY MARKED
& LIGHTED COMMUNICATIONS TOWERS

The Federal Communications Commission (FCC) has received reports of aircraft collisions with unlighted or improperly lighted communications towers. Accident reports and studies reveal that radio tower owners and FCC licensees need to be more aware of the need for conformance to FCC issued obstruction marking and lighting specifications.

When radio towers are greater than 200 feet in height and/or near an airport, the owner or licensee must apply for FCC issued obstruction marking and lighting specifications. During construction, temporary warning lights must be installed at the top of the structure, and at each level where permanent lights will be installed.

Licensees should insure that their towers are marked and lighted in accordance with the specifications on their permits. Daily inspections must be made to ensure that the lights are on and operating properly. Any variances must be approved by the FCC's Antenna Survey Branch (ASB).

If a light outage occurs which cannot be corrected within thirty minutes, the local FAA Flight Service Station (FSS) must be contacted immediately. The FSS will issue a warning to pilots. The FSS must also be notified when the lights are again operational so the warning may be rescinded.

The FCC intends to continue its close scrutiny of radio towers. Appropriate action, including issuance of fines and/or revocation of the station license, will be taken against the user or owner of any unauthorized or improperly marked radio tower.

APPLICATION FOR TRANSFER OF CONTROL OF AUTHORIZATIONS CORRECTION:

The Public Notice of August 5, 1998, entitled Mass Media Bureau Multipoint Distribution Service Applications (Report No. D-998) which listed the APPLICATION FOR TRANSFER OF CONTROL OF AUTHORIZATIONS ACCEPTED FOR FILING, 50605-CM-TC(132)-98, from CAI Wireless Systems Inc. (pre-bankruptcy) to CAI Wireless Systems, Inc. (post-bankruptcy) inadvertently omitted the following pending assignment applications, previously listed on public notice as accepted for filing, seeking to assign BTA authorizations and MDS station licenses to entities controlled by CAI Wireless Systems, Inc.:

<u>FILE NO.</u>	<u>CITY/STATE:</u>	<u>BTA/CALL SIGN(S)</u>	<u>ASSIGNOR</u>	<u>ASSIGNEE</u>
50423-CM-AL(2)-98	Dallas/Fort Worth, TX	KWU30, KWU29	Alliance for Higher Education	CS Wireless Systems, Inc.
BMDAL970919YA	Kansas City, MO	BTA 226, KNSC219	PCTV Gold, Inc.	CS Wireless Systems, Inc.
50667-CM-AL(1)-96	New Bedford, MA (Providence, RI)	WLK212	Champion Industries, Inc.	Eastern New England License, Inc.
50417-CM-AL(1)-98	New Bedford, MA (Providence, RI)	WLW859	Kris E. Hefley	Eastern New England License, Inc.
BMDAL970422SH	Rochester, MN	BTA 378, KNSC482 KNSC483	USA Wireless II, Inc.	CS Wireless Systems, Inc.

In addition, the transfer of control file number 50605-CM-TC(132)-98 is corrected as of this notice to read 50605-CM-TC(139)-98. All other particulars of the above pending assignment applications and the pending transfer of control application remain the same.

MULTIPOINT DISTRIBUTION SERVICE
ACTIONS TAKEN

AUGUST 19, 1998
Report No. D-1000-A

ACTIONS TAKEN ON APPLICATIONS FOR TRANSFER OF CONTROL OR ASSIGNMENT OF LICENSE:

The assignment of license applications listed below were granted on January 12, 1998, but inadvertently failed to appear on the public notice dated January 14, 1998, Report No. D-966-A, which listed the actions taken on applications for transfer of control or assignment of license:

File No. 50344-CM-AL(3)-97. Application for authority to assign all authorizations for stations WLW828 (E Channel Group), WLW983 (Channels F1, F2 and F3) and WNTA265 (Channel H2), at Lindsay, Oklahoma, from RURAL ELECTRIC COOPERATIVE, INC to HEARTLAND WIRELESS COMMERCIAL CHANNELS, INC.

File No. 50808-CM-AL(2)-97. Application for authority to assign all authorizations for stations WMH336 (F Channel Group) and WNTH573 (Channel H2) at Ada, Oklahoma, from FRANKIE CORNELISON to HEARTLAND WIRELESS COMMERCIAL CHANNELS, INC.

The deadline for consummation of these assignment applications is 45 days from the date of this public notice, and the deadline for notifying the Commission of the consummation is 10 days after the date of consummation.
