

any of the property described in the first section hereof, also transfer to the Agency their jurisdiction as provided by the first section of the Act approved March 3, 1899 (30 Stat. 1377, ch. 458; 9-101, D.C. Code, 1951 edition), over so much of the said property as may be so transferred.

Sec. 4. The Agency is hereby authorized, in accordance with the District of Columbia Redevelopment Act of 1945, to lease to a redevelopment company or other lessee such real property as may be transferred to it under the authority of this Act, but may not otherwise dispose of such property except to the United States or any department or agency thereof, or to the District of Columbia. In the event that real property acquired by the Agency from the United States pursuant to this Act is transferred to the District of Columbia or to any department or agency of the United States pursuant to this section, such transfer shall be without reimbursement or transfer of funds.

Sec. 5. Notwithstanding the preceding provisions of this Act, if any of the real property transferred to the Agency under the authority of this Act is not leased by the Agency in accordance with an urban renewal plan approved by the Commissioners, or otherwise disposed of, on or before the date the Housing and Home Finance Administrator makes the final Federal capital grant payment to the Agency for the project pursuant to title I of the Housing Act of 1949, as amended, then the title to so much of the said real property as is not so leased or otherwise disposed of by such date shall revert to the United States, subject to the exclusive control and jurisdiction of the Commissioners of the District of Columbia, and subject to the provisions of the Act approved May 20, 1932 (47 Stat. 161; secs. 8-115 and 8-116, D.C. Code, 1951 edition).

Sec. 6. Nothing herein contained shall be construed as requiring the said Commissioners to transfer title to so much of the property described in the first section of this Act as the Commissioners may determine, in their discretion, is required for municipal purposes or is to continue to be owned by the United States under the jurisdiction of the Commissioners, for the benefit of the District of Columbia.

Sec. 7. No transfer or donation of any interest in real property under the authority of this Act shall constitute a local grant-in-aid in connection with any urban renewal project being undertaken with Federal assistance under title I of the Housing Act of 1949, as amended.

Mr. HART. Mr. President, I ask that the amendments be considered en bloc.

The PRESIDING OFFICER. Without objection, the amendments will be considered en bloc.

The question is on agreeing to the committee amendments.

The amendments were agreed to.

The bill was ordered to be engrossed for a third reading, was read the third time, and passed.

Mr. BIBLE. Mr. President, I ask unanimous consent to have printed at this point in the RECORD, a statement showing the purpose of this measure.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

The purpose of this bill is to enable the Board of Commissioners to transfer on behalf of the United States certain waterfront property on Maine Avenue in the Southwest Redevelopment Area of Washington, D.C. to the District of Columbia Redevelopment Land Agency, in order that such land may be leased by the Agency to redevelopment companies in accordance with the District of Columbia Redevelopment Act of 1945.

All of the property described in the bill lies within the boundaries of Washington's Southwest Urban Renewal Area. Enactment of this bill would enable the Redevelopment Land Agency to carry out the District of Columbia's renewal plan by creating in the waterfront area a focal point of waterfront commercial activities, boating, and recreational and tourist interest. The area will become a center of marine-related commercial activities and waterside recreation.

Priority in the occupancy of commercial facilities would be given to establishments displaced through redevelopment activities under Redevelopment Land Agency's established policy giving priority of opportunity for displaced business firms.

The redevelopment of the waterfront would be accomplished by private developers who would construct improvements permitted by the approved urban renewal plan on the land which they would lease on a long-term basis from the Agency. Title to the land would be retained by the Agency. Land and buildings would be fully taxable. Waterfront land is not taxable at the present time.

DISPOSITION OF NEW REVENUES FROM POWER DEVELOPMENT, GRAND VALLEY FEDERAL RECLAMATION PROJECT, COLORADO

The Senate proceeded to consider the bill (H.R. 5098) to provide for the application and disposition of net revenues from the power development on the Grand Valley Federal reclamation project, Colorado, which had been reported from the Committee on Interior and Insular Affairs, with an amendment to strike out all after the enacting clause and insert:

That upon the expiration of the contract between the United States, the Grand Valley Water Users' Association, and the Public Service Company of Colorado, dated July 2, 1959, the Grand Valley Water Users' Association, with the approval of the Secretary of the Interior, is authorized to enter into a contract or contracts for a cumulative total period of not to exceed twenty-five years for the sale or development of any power or power privileges in the Grand Valley Power Plant, Grand Valley reclamation project: *Provided*, That such sale or development of power or power privileges shall be without expenditure of funds by the United States. Any such contract shall provide, among other things, that annual net power revenues from the plant, minus the annual operation and maintenance cost of delivering the power water, will be applied in the following order and manner: (a) on the aggregate of the annual sums due and payable by the Association to the United States as provided in article 12, paragraphs (c), (d), and (e), of contract numbered 11r-644 between the United States and the Association, dated January 27, 1945, until such time as the obligation under said contract has been paid in full; and (b) in any year in which the net power revenues exceed the aggregate of the annual sums due and payable under said contract between the United States and the Association and after the obligation under said contract has been paid in full against the total obligations incurred for the rehabilitation of the project works under contracts between the United States and the Association existing on the date of this Act: *Provided*, That such application shall not reduce the annual sums payable under such contracts.

Mr. ANDERSON. Mr. President, to the committee amendment, I submit

three amendments which I send to the desk and ask to have stated.

The PRESIDING OFFICER. The amendments to the committee amendment will be stated.

The LEGISLATIVE CLERK. In the committee amendment on page 3, in line 18, after "(e)," it is proposed to insert "and Article 22(a) (ii)."

On page 4, in line 2, after the word "Association", it is proposed to insert a comma.

On page 4, in lines 5 and 6, it is proposed to strike out "existing on the date of this Act," and insert in lieu thereof "now or hereafter entered into."

The PRESIDING OFFICER. The question is on agreeing to the amendments of the Senator from New Mexico to the committee amendment.

Mr. MAGNUSON. Mr. President, I wish to ask the distinguished Senator from New Mexico whether this measure will establish a new precedent in connection with the disposition of power revenues as they relate to reclamation projects.

Mr. ANDERSON. That is what all the argument was about within the Interior Committee. The original bill would have established what I regarded as a very bad precedent. The situation is unusual, however; and therefore we had a vote, which I regret to say was almost a straight party vote. Afterwards we decided to try to do something about the matter.

I wish to have printed in the RECORD three paragraphs in regard to these amendments; but, first, I say that these amendments will not establish any precedent whatever. There is no parallel to this.

Mr. MAGNUSON. I thank the Senator from New Mexico.

Mr. ANDERSON. Mr. President, I ask unanimous consent that three paragraphs sent to me by the chairman of the House Committee on Interior and Insular Affairs, in explanation of these amendments, be printed at this point in the RECORD.

There being no objection, the excerpt from the letter was ordered to be printed in the RECORD, as follows:

The first amendment was suggested by Mr. Dominy during the hearings on the bill. It corrects an oversight by the Bureau in the language originally recommended in the Department's report (see marked portion on p. 7 of printed hearings).

The second amendment, which was also recommended by Mr. Dominy during the hearings, simply adds a comma to clarify the meaning of language originally recommended (see p. 7 of printed hearings).

The third amendment would make it clear that if there are net power revenues remaining during the 25-year contract period, such revenues, after meeting the existing construction and rehabilitation obligations, could be used for meeting obligations for future rehabilitation work incurred during the 25-year period. Mr. Dominy testified during the hearings on this legislation that the Department would have no objection to this amendment. This testimony occurs on page 8 of the printed hearings and is marked for your ready reference.

Mr. ANDERSON. Mr. President, I have consulted the able Senator from Colorado [Mr. ALLOTT], who was very

active in connection with the bill, regarding the amendments. He agrees that they are proper.

Although I have not consulted the full committee, it is my opinion that these amendments will remove the necessity for a conference, and will do no damage whatever to the bill.

Therefore, I ask that the amendments be considered and agreed to en bloc, and that the bill as thus amended be passed.

The PRESIDING OFFICER. Is there objection to the consideration en bloc of the amendments of the Senator from New Mexico to the committee amendment? Without objection, they will be considered en bloc.

The question now is on agreeing to the amendments of the Senator from New Mexico to the committee amendment.

The amendments to the amendment were agreed to.

The committee amendment as amended was agreed to.

The amendment was ordered to be engrossed and the bill to be read a third time.

The bill was read the third time and passed.
