FCC ANNOUNCES TENTATIVE AGENDA FOR JUNE OPEN MEETING

(Washington, D.C.) – Federal Communications Commission Chairman Tom Wheeler announced that the following items are tentatively on the agenda for the June Open Commission Meeting scheduled for Thursday, June 18, 2015:

Direct Access to Numbers for Interconnected VoIP Providers: The Commission will consider a Report and Order that will facilitate innovative technologies and services by establishing a process to authorize interconnected VoIP providers to obtain telephone numbers directly from the Numbering Administrators, rather than through intermediaries.

Lifeline Reform and Modernization: In order to comprehensively restructure and modernize the Lifeline program to efficiently and effectively connect low-income Americans to broadband, strengthen program oversight and administration, and take additional measures to eliminate waste, fraud, and abuse, the Commission will consider a Second Further Notice of Proposed Rulemaking, Order on Reconsideration, Second Report and Order, and Memorandum Opinion and Order.

Protecting Consumers Against Unwanted Robocalls: The Commission will consider a Declaratory Ruling and Order reaffirming the Telephone Consumer Protection Act's protections against unwanted robocalls, encouraging pro-consumer uses of robocall technology, and responding to a number of requests for clarity from businesses and other callers.

The Open Meeting is scheduled to commence at 10:30 a.m. in Room TW-C305 of the Federal Communications Commission, 445 12th Street, S.W., Washington, D.C.

The event will be shown live at FCC.gov/live.
