INCENTIVE AUCTION TASK FORCE AND WIRELESS TELECOMMUNICATIONS BUREAU GRANT 600 MHz LICENSES

Auction No. 1002

On April 13, 2017, the Federal Communications Commission (“Commission”) completed the auction for new 600 MHz licenses.¹ This auction, which was designated Auction 1002, raised (in net bids) a total of \$19,318,157,706, with 50 bidders placing winning bids for a total of 2776 licenses.² The FCC long-form applications (FCC Form 601) of all the winning bidders have been previously accepted for filing and some of those have been granted.³

Upon further review and examination, the applications for the licenses listed in Attachment A have been found to be complete and in conformance with the Commission’s rules, and there are no petitions to deny or other requests pending that would prevent grant of these licenses. We find that granting the applications for the licenses listed in Attachment A serves the public interest, convenience, and necessity. Furthermore, the Commission has received full payment for the licenses listed in Attachment A, as required by Section 1.2109(a) of its rules.⁴ Accordingly, by this Public Notice, we
