REPORT OF THE CHAIRMAN OF DRAFTING GROUP 2

5 Drafting Group 2 met on three occasions. The group considered CPM-related matters in relation to
6 two agenda items, 1.21 and 1.22:

- 7 - for agenda item 1.21, WG Vision is responsible for developing the response from WP8F to
8 a liaison statement from JTG 1-6-8-9.
- 9 - For agenda item 1.22, WG Vision will contribute text to WG Spectrum (which has overall
10 responsibility for developing the CPM text).

11 **Agenda item 1.21**

12 DG2 further developed the "Preliminary draft liaison statement" to JTG 1-6-8-9 contained in Annex
13 1 to attachment 9 to the report of the 4th meeting (Document 8F/268-E). Documents 8F/306, 8F/306
14 rev 1 and 8F/336 were considered in this work.

15 In order to complete the LS, WG Spectrum will need to contribute material for the answers to
16 questions 4 and 5 at the next meeting of WP8F.

17 **Agenda item 1.22**

18 DG2 considered the framework for the CPM text contained in Annex 10 to Attachment 13 to
19 Document 8F/268-E. It is envisaged that WG Vision will provide the text for section 7.2.2.
20 Depending on the proposals of JTG 1-6-8-9, it may also supply text for the final bullet of section
21 7.2.3.

22 DG2 also considered the guidance on development of the CPM Report contained in Circular Letter
23 CA/81 (an extract of this document is contained in Document 8F/TEMP/119-E). This Circular letter
24 does not provide specific guidance on the length of text related to a single agenda item. However, it
25 is envisaged that the total length for each agenda item will need to be restricted to about 4 pages;
26 therefore the contribution from WG VISION should be kept to about one page.

27 DG2 proposed some changes to the framework for the CPM text to DG 7 of WG Spectrum, to
28 reflect the discussion in WG Vision during this meeting; these are contained in annex 1 to this
29 report. These changes were accepted, and will be carried forward to the 6th Meeting as an
30 attachment to the report of WG Spectrum.

31 DG2 decided to defer developing text for the CPM report until the 6th Meeting of WP8F.
