Meeting Results

Agenda Approval: The agenda was approved.

Minutes from the August 8 Meeting: The minutes of the August 8 meeting (6th Meeting of IWG-2) were approved without change.

Consideration of Potential New or Revised IWG-2 Draft Preliminary Views: The meeting took up IWG-2/20 which expressed the view that the Region 2 allocation for MSS at 1492-1525 MHz should be suppressed. Dan Jablonski and Ken Keane (AFTRCC) addressed the subject of the paper, its relevance to Res. 226, and its significance for the flight test community. Clarification was provided as to the sharing studies referenced in the paper. Opposition to the preliminary view was registered by Boeing Satellite Systems (Tom Walsh).

The group discussed the question of how best to proceed with IWG-2/20. It was agreed that further discussion would be held among interested parties with an eye toward possibly circulating another draft. If a revised draft is prepared, it is to be circulated by close of business on Monday, September 24.

Consideration of Potential New IWG-2 Draft WRC-03 Proposals: No new proposals were presented.

Discussion of RCS Draft Preliminary Views: Jim Vorhies referenced a preliminary view being developed by the Radiocommunication Subcommittee on spectrum requirements for mobile satellite below 3 GHz. He also suggested that treatment of the Region 2 allocation for sub-band 1492-1518 MHz could be dealt with separately in the AFTRCC preliminary view.

Future Meetings: The next meeting of IWG-2 will be held at Leventhal, Senter & Lerman, PLLC, on December 4, 2001 at 10:00 AM.

Adjournment: The meeting adjourned at 10:00 AM.

Other Business: No new proposals were presented.

Meeting Attendees: Steve Baruch, Dan Brandel, Bill Gamble, Vic Hayes, Kris Hutchison, Ken Keane, Mark Lewellen, Ed Miller, Larry Palmer, Brian Ramsay, Warren Richards, Jon Silverling, Jim Vorhies, Frank Weaver, David Weinreich, Marcus Wolf, Tom Walsh
