RE: FCC Wireless data request

Mr. Siehl,

Here is the second data request on aggregate wireless calls based on Handset versus Network based providers. The data is based on our current knowledge of what we know about the providers that serve our area.

I have included a PDF file with all documents as well as the spreadsheets used to compile the reports.

Please let us know if we can be of any further assistance or if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Stan Heffernan".
