	<u>Pages</u>
Table I – Cost and Revenue (Class A Account Level Reporting).....	3 – 6
Table I – Cost and Revenue (Class B Account Level Reporting).....	7 – 10
Table II – Demand Analysis	11
Table III – Pole and Conduit Rental Calculation Information	12
Table I – Row Instructions and Column Descriptions	13 – 22
Table II – Row Instructions and Column Descriptions	23 – 24
Table III – Row Instructions and Column Descriptions	25 – 27

All monetary figures must be rounded to the nearest thousand dollars. All rates of return and percentage amounts must be entered in percent and must be rounded to 2 decimal places. All minutes of use figures must be rounded to the nearest thousand; all access line figures must be provided to the nearest whole number.

Items which need not be reported because they do not apply are designated by N/A. DO NOT override N/As. If a reporting carrier should wish to apply data to a field containing a N/A, the carrier should enter the amount(s) and an explanation as a footnote to the field. The amount(s) must not be entered in a N/A'd field. All other fields must be populated. If there are no data applicable to an open field, enter zero.

When errata occur, carriers must include in the transmittal letter a brief statement indicating the reason for the errata. Other explanatory notes must be included in the footnote section of the filing.

NOTICE: The ARMIS Annual Summary Report collects highly aggregated financial data reflecting the results of accounting, rate base, and cost allocation requirements prescribed in Parts 32, 64, 65, 36 and 69. This report also includes a demand analysis table containing interstate access demand data. The ARMIS Annual Summary Report specifies information requirements in a consistent format and is essential for the FCC to monitor revenue requirements, rate of return, jurisdictional separations and access charges. In addition, mid-sized incumbent local exchange carriers, as defined by Part 32.9000, shall certify compliance with Part 64.901 of the Commission’s rules (see Part 64.905) by filing a certification letter annually. This certification letter must be signed, under oath, by an officer of the company. Your response is mandatory.

The public reporting for this collection of information is estimated to average 93 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0512), Washington, DC 20554.

We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND YOUR RESPONSE TO THIS ADDRESS.

Remember - You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0512.
