Subject: The FCC's Accessibility & Innovation Initiative (A&I) Speaker Series

The FCC's Accessibility & Innovation Initiative will hold its next Speaker Series event Tuesday, March 11, 2014 from 9:00 a.m.-11:15 a.m. Dr. Juan E. Gilbert, Chair of the Human-Centered Computing Division at Clemson University will give a presentation on "Innovation in Voting Accessibility." The speaker series highlights and encourages innovation in accessible communications technologies that will benefit people with disabilities. Following the presentation, from 11:30 a.m.-1:30 p.m., Dr. Gilbert and his team will give demonstrations of accessible technologies related voting accessibility in the FCC's Technology Experience Center.
