Subject: Correction - FCC Seeks Comment on the E911 Location Accuracy "Roadmap" Submitted by APCO, NENA, and the Four Largest Wireless Carriers

Correction – This notice replaces with the correct links to the Public Notice and Third Further Notice of Proposed Rulemaking

FCC Seeks Comment on the E911 Location Accuracy "Roadmap" Submitted by APCO, NENA, and the Four Largest Wireless Carriers

Comments due: **December 10, 2014**

Reply Comments due: **December 17, 2014**

On November 20, 2014, the FCC released a Public Notice seeking comment on the E911 location accuracy plan (Roadmap) announced by the four largest wireless carriers, the National Emergency Number Association (NENA), and the Association of Public Safety Communication Officers, International (APCO) (the Parties).

Specifically, the FCC seeks comment on whether the Roadmap proposed by the Parties presents a reasonable alternative to the proposals set forth in the FCC's *Third Further Notice of Proposed Rulemaking* to improve location accuracy for 911 calls originating indoors.

The FCC also seeks comment on whether the Roadmap should apply to wireless carriers other than the Parties mentioned above.
