**Subject:** FCC Selects Program for NDBEDP Certification for Maine

In 2012, the FCC certified 53 programs to distribute equipment under the National Deaf-Blind Equipment Distribution Program (NDBEDP) in each of the 50 states, plus the District of Columbia, Puerto Rico, and the U.S. Virgin Islands.

Recently, the program certified for Maine informed the FCC that it was unable to continue participating in the NDBEDP. The FCC invited applications from other programs to become certified to distribute equipment under the NDBEDP to low income individuals in Maine who are deaf-blind. The deadline for applications was August 5, 2015.

On August 7, 2015, the FCC announced that it selected Disability Rights Maine for certification to participate in the NDBEDP for the state of Maine.
