Warning Notice

Dear Mr. Klein:

The Federal Communications Commission has previously notified you by letter dated May 3, 2010, that it has received complaints of harmful radio interference possibly caused by equipment operated by your company. This interference has been reported by an operator in the Amateur Radio Service. The complainant is:

(Name withheld)
(Address withheld)
(Address withheld)
Tel: (Number withheld)

In this letter, you were advised that this problem, if unresolved, could be a violation of Commission rules and could result in a monetary forfeiture. For this reason, we encouraged the parties involved to voluntarily resolve this matter without Commission intervention. If however it became necessary to facilitate a resolution, the Commission might investigate possible rules violations and address appropriate remedies, including monetary forfeiture.

You were further advised that the Commission expects that most cases can be resolved within 60 days of the time they are first reported to the utility company. In addition, if Snohomish County Public Utility was unable to resolve this matter by July 9, 2010, they were directed to inform this office about the nature of the problem, the steps being taken to resolve it and the estimated time in which those steps could be accomplished. You were further advised to inform the complainant of what steps would be taken to correct this reported interference problem. Snohomish County Public Utility did not respond to the May 3, 2010 letter. Likewise, Mr. (name withheld) reports that there has been no reduction in the radio frequency interference.

In order to avoid enforcement action on this matter, you have thirty (30) days from the date of receipt of this warning to respond to this office at the following address: 1270 Fairfield Road, Gettysburg, PA 17325. The response must contain a statement of the specific action(s)

taken to identify and eliminate the source(s) of Mr. (name withheld) radio interference. Your response must also include a carbon copy to Mr. (name withheld) so that he can confirm any statement that you make regarding resolution of the interference. If you have any questions about this matter, please contact me at 717-338-2577.

Sincerely,

Laura L. Smith, Esq.
