This is an unofficial compilation of the radio services and requests for FCC actions that are subject to fees. The public should consult the Commission's Rules as set out in Title 47 of the Code of Federal Regulations (CFR) for application filing requirements. Further information on fees may be obtained in Part 1, Subpart G of the CFR or in the Commission's official decision implementing the Congressional Schedule of Charges. This decision is published in the FCC Record or may be purchased from the Commission's current copy contractor.

The fee amounts contained in this guide are subject to review annually and may result in changes to these amounts. The FCC will issue a notice to reflect any changes.

## **PART A**

### **METHOD OF PAYMENT**

DO NOT SEND CASH. Payment of fees must be made by a *single* remittance (check, bank draft, money order or credit card). If paying by check, bank draft or money order, your remittance must be denominated in U.S. dollars, drawn on a U.S. financial institution and made payable to "FCC". Applicants located in foreign countries should contact their local bank to determine which U.S. financial institution they are affiliated with and if that institution will allow transfer of funds. Foreign entities also have the option of using Western Union. No postdated, altered or third-party checks will be accepted. Checks will not be accepted if issue date is older than six (6) months.

Payment of fees, fines and other debts may be made by Wire Transfer, ACH Debit and ACH Credit. Western Union may also be used when paying fines, forfeitures, Freedom of Information Act (FOIA) requests or other debts due the Commission. To obtain more information about electronic payment or using Western Union, please contact the FCC's Billings & Collections Branch at (202) 418-1995.

### **FCC FORM 159 - REMITTANCE ADVICE**

The FCC Form 159, Fee Remittance Advice (July 1997 edition) must accompany any payment of fee to the FCC. FCC Form 159 is required with all payments in order for the Commission to comply with the Debt Collection Improvement Act of 1996.

### **REFUNDS**

Requests for refund of a fee paid to the FCC must be made in writing to: Federal Communications Commission, 1270 Fairfield Road, Gettysburg, PA 17325-7245. Refunds will not be made in cases where the fee for a service is lower for FY 1998 than the fee paid under the FY 1997 fee schedule. To comply with the Debt Collection Improvement Act of 1996, the Commission is required to provide your Taxpayer Identification Number to the U.S. Treasury upon generating a request for refund. To avoid delay, please include your Taxpayer Identification Number with your written request for refund to the FCC.

The refund process usually takes four (4) weeks depending upon the complexity of the request. Once a refund request has been approved, it is forwarded to the U.S. Treasury in San Francisco, California, where a check is issued. For further information on the return or refund of monies, refer to CFR 47, Part 1, Section 1.1113 of the Commission's rules.

**FEE WAIVERS**

The required fee must accompany all fee waiver requests. Attach a detailed explanation indicating why you feel a fee waiver is justified. The filing should be submitted in accordance with the instructions for that type of filing as indicated in Part B of this guide. The request will be referred to the Office of General Counsel for review and legal determination and you will be notified of their decision. These decisions are also published monthly in the Federal Record and in FCC Docket 86-285. If a fee waiver is granted, the fee paid will be refunded.

**COURIER OR HAND DELIVERY OF APPLICATIONS**

The mailing addresses for feeable and non-feeable applications are provided in Part B of this guide. If you wish to hand carry or courier your feeable application to Pittsburgh, it should be enclosed in a sealed envelope with the appropriate Post Office Box address from Part B of this guide, clearly marked on the outside. If you are filing applications for multiple post office boxes, they must be enclosed in separate envelopes for each Post Office Box address. These envelopes may be delivered to the FCC's lockbox agent at the following address:

Federal Communications Commission  
c/o Mellon Bank  
525 William Penn Way  
27th Floor Room 153-2713  
Pittsburgh, PA 15259  
Attn: Wholesale Lockbox Shift Supervisor

Although feeable applications may be hand delivered to the Pittsburgh location 24 hours a day, 7 days a week, the formal filing date of an application will be either the date it was delivered, if that day was a regular FCC business day, or the next regular FCC business day, if the delivery date was a weekend or FCC holiday.

**APPLICATION FORMS**

Several manufacturers place application forms and applicable information in radio equipment boxes. The forms received in your radio equipment box may be outdated and reflect erroneous information causing delay in the processing of your application. Please note the current acceptable edition date(s) in Part B of this guide. You may obtain application forms from the Commission's Forms Distribution Center, 9300 E. Hampton Dr., Capital Heights, MD 20743 , toll free (800) 418-FORM (3676) or from the FCC's Fax-on-Demand system by calling (202) 418-0177 from the handset of your fax machine (request the index to find out the document number first). Some forms are available for downloading from the FCC's Internet homepage on the World Wide Web at <http://www.fcc.gov/formpage.html>.

### **ELECTRONIC RENEWAL FORM 900**

**Electronic filing** for renewal of radio station license is available online via the WTB Electronic Commerce page on the Internet at <http://www.fcc.gov/wtb/electcom.html> (click on *Production Page for Electronic Commerce Applications* to access FCC Form 900). FCC Form 900 is a generic form used for electronic filing of FCC Forms 313R (Broadcast Auxiliary), FCC Form 402R (Private Operational Fixed Microwave), FCC Forms 405A and 574R (Land Mobile and General Mobile Radio), FCC Form 452R (Marine Coast and Aviation Ground), FCC Form 405B (Ship and Aircraft) and FCC Form 610R (Amateur Radio). Filing instructions are available by clicking on the item number on the Internet form. Only licensees who have licenses that are in the renewal window (within 120 days of expiration) are able to access their call sign and submit an electronic renewal application. The electronic Form 900 cannot be used to file for a renewal if the license has expired. FCC Form 159 and payment information are provided online for electronically filed applications.

### **UNIVERSAL LICENSING SYSTEM**

The Wireless Telecommunications Bureau is in the process of implementing a Universal Licensing System (ULS) for all wireless services. ULS is an integrated database and automated processing system which will support electronic filing of applications and other filings associated with applications (i.e. amendments, waiver requests, transfers and assignments of licenses, licensee ownership information, etc.), collection of licensing

information and public access to such information. The Commission is replacing eleven separate WTB licensing databases with this new integrated licensing system. The radio services are gradually being converted to ULS and public notices are being issued with specific instructions as each radio service migrates to the new system.

One of the first requirements of using this new system is for applicants to register their Taxpayer Identification Number (TIN) and associated call signs with the FCC. In order to be in compliance with the Debt Collection Improvement Act of 1996, the FCC must collect TIN information to correlate its licensees with any outstanding Federal debt that they might have incurred in other dealings with the Federal Government. Taxpayer Identification Numbers will not be available to the public. However, this information may be released to the U.S. Treasury Department for Debt Collection purposes. Using the Taxpayer Identification Number, the ULS will assign a unique sequential number to each licensee. After registration and implementation, the ULS will be able to process administrative changes to licensee records in a more streamlined and simplified manner.

For further information regarding the Universal Licensing System (ULS), go to the ULS home page at <http://www.fcc.gov/wtb/uls>.

## **PART C**

### **INFORMATION ABOUT REGULATORY FEES**

The Federal Communications Commission, by Congressional mandate, implemented a regulatory fee schedule to recover costs incurred by the Commission relative to policy and rulemaking actions, as well as its enforcement, user information and international activities.

The regulatory fees do not currently apply to Amateur Radio Services (except Vanity call signs), governmental entities, Civil Air Patrol, Commercial Radio Operator Permits and Licenses, Non-commercial Educational Broadcast stations, Special Emergency & Public Safety Radio Services, modifications of existing authorizations unless that modification results in a renewal or reinstatement for which a regulatory fee is required, and non-profit entities. Non-profit entities must provide a current Determination Letter from the Internal Revenue Service when filing documentation for non-profit status under IRS Code Section 501.

These regulatory fees will be assessed annually and will apply to those licensees and entities which benefit from the Commission's regulatory activities, other than licensing or application processing functions. Among the services affected by these fees are the Mass Media Services and Commercial Mobile Radio Services (CMRS). The regulatory fees for Mass Media and Commercial Mobile Radio Services (CMRS) are paid on a predetermined date established by Public Notice. The regulatory fees for other Wireless Telecommunications Services are paid in advance to cover the term of the license and are submitted along with the application fee at the time the application is filed. See Part B of the Wireless Telecommunications Bureau Fee Filing Guide for additional information on the Wireless Telecommunications Services regulatory fees.

Regulatory fees may be adjusted annually by the Commission pursuant to Section 9 of the Communications Act 47 U.S.C. 159.

See page 37 for information on filing the annual regulatory fees for the Mass Media and Commercial Mobile Radio Services (CMRS).
