## What if you registered and they're still calling you?

The **National Do Not Call Registry** will not stop all unwanted calls, but you will notice a reduction in the number of telemarketing calls you receive. Some groups are still permitted to call you such as political organizations, charities, telephone surveyors and companies with which you already have an existing business relationship.

## So what more can you do?

- ✓ If you have caller id, screen your calls. Don't know the number? Don't answer the call.
- ✓ Hang up on telemarketers and unsolicited callers.
- ✓ Never share personal information with telemarketers or give out credit card, bank account or Social Security numbers.
- ✓ Call the FCC at **1-888-225-5322** to file a complaint.
