WRC-03 Advisory Committee

Meeting Minutes

Meeting: Fifth Meeting of IWG-2

Date/Time: June 20, 2001, 10:00 Hours

Location: Leventhal, Senter & Lerman, 2000 K Street, N.W., Suite 600
Washington, D.C.

Committee Members Present: S. Baruch, Chairperson

FCC Employees Present: I. Keltz, A. Roytblat and M. Wolf

Meeting Summary: D. Weinreich, Globalstar, L.P.

Meeting Results

Agenda Approval: The agenda was approved without changes or additions.

Minutes from the 17 May Meeting: The minutes of the 17 May meeting were approved without change.

Results of the CITELE Meeting in Ottawa: Steve Baruch gave a brief summary of the results of the CITELE meeting that was held recently in Ottawa, Ontario, Canada. With respect to the WRC-03 Agenda Items that are being dealt with in IWG-2, it was reported that all of the Preliminary Views produced by IWG-2 were reflected in some manner in the CITELE meeting output. The output from this CITELE meeting is contained in CITELE Document 1975, Section 2.

It was stated that there was no Preliminary View, submitted by the USA to the CITELE meeting, on WRC-03 Agenda Item 1.5. This Agenda Item has been discussed in IWG-5. The FCC did not agree with the proposed RCS Preliminary View on this agenda item and, therefore, nothing was submitted to CITELE. The FCC, also, did not approve the Preliminary View on Agenda Item 1.16, for submission to the CITELE meeting, since an NPRM on bands around 1.4 GHz must first be concluded.

Baruch indicated that the CITELE Preliminary Views were approved by WRC-03 Working Group within PCC III but not by the PCC III Plenary. He indicated that the

Preliminary Views would be distributed by e-mail. He further stated that these Preliminary Views may be updated at future CITELE meetings.

The next CITELE meeting will be held in Guatemala City, Guatemala in early November. This meeting will consider further Preliminary Views and “first tier” proposals on “non-controversial” issues.

Consideration of New or Revised Preliminary Views: There were no new or revised Preliminary Views.

Identification of Potential First Tier Draft Proposals for WRC-03: There were no proposals identified.

Future Meetings: Future meeting dates were agreed for 17 July, 9 August and 19 September, all at 10:00 hours at the offices of Leventhal, Senter and Lerman.

Other Business: Ed Miller and Steve Baruch gave brief reports on the activities at the recent ITU-R Working Party 8D meeting on issues of interest to IWG-2. Baruch indicated that draft CPM text had been prepared on Resolutions 605 and 606 with potential methods for satisfying Agenda Item 1.15 but that work would continue at the next WP 8D meeting. Miller stated that draft CPM text had been produced on Agenda Item 1.16 and liaised to WPs 7C, 7D, 7E and 9D. Draft CPM text was also produced, with difficulty, on Agenda Item 1.20 and was liaised to WPs 8a and 9D. This text will be revisited at the next WP 8D meeting. Larry Palmer indicated that any IWG-2 members interested in Resolution 226 could join the WP 8D correspondence group on that topic by e-mailing Kevin Knappett of the U.K. Radiocommunication Authority at kevin.knappett@ra.gsi.gov.uk The meeting was adjourned at 11:45.

Meeting Attendees: R. Barth, H. Dixon, J. Durm, B. Fisher, M. Gamble, W. Gamble, B. Gutierrez-Luaces, V. Hayes, D. Jansky, T. Keller, E. Miller, P. Murray, L. Palmer, B. Ramsay, W. Richards, G. Scharffenber, D. Siddall, G. Twachtman, J. Vorhies, F. Weaver, D. Weinreich
