

Equipment Authorization under Waivers

**Laboratory Division
Office of Engineering and Technology**

502150 Certification Under a Waiver

- 502150 Publication covers:
 - What is a waiver.
 - Waiver considerations.
 - Types of Waivers.
 - How to request a waiver.
 - KDB Inquiry System is not designed to process or issue waiver request.
 - How to file a 731 application under a waiver.

731 Considerations

- Equipment Authorization 731 Considerations:
 1. When the waiver does not stipulate specific `Grantee: Application justification can be in the form of a (1) letter of consent from the licensee granted a Licensing waiver and (2) an attestation explaining how the grantee will comply with the Licensing waiver conditions/requirements.
 2. If a waiver condition identifies that equipment authorization, then only the party issued the waiver can obtain an equipment authorization.

731 Application

- Select "yes" for the Form 731 question: “Is there an equipment authorization waiver associated with this application?”
- Select “yes” for the Form 731 question: “If there is an equipment authorization waiver associated with this application, has the associated waiver been approved and all information uploaded?”
- Identify the waiver in the grant comment by the FCC order number or public notice number.
- Apply the two-character grant note WV to the technical specification row(s).
- Submit a copy of the waiver as a supporting attachment. The copy of the waiver may not be held confidential.
- The supporting information in the Form 731 application should identify each waiver condition and provide a justification of how all conditions are compliant.
 - If a waiver identifies the applicant, then that applicant or proof of name change if applicable.
 - If the waiver is licensing waiver, then a letter of consent from the licensee and an attestation explaining how the grantee will comply with the Licensing waiver conditions/requirements.
