

TCB Surveillance

Laboratory Division
Office of Engineering and Technology
Dusmantha Tennakoon

Reminders

- Testing should be completed by December 31st, 2021.
- Surveillance summary needs to be submitted to FCC by January 31st, 2022

Some Numbers

- 24,615 equipment authorizations from January 1st to September 30, 2021.
- 20,695 equipment authorizations for same time period in 2020.
- Based on projections, by the end of 2021 the total will exceed 32,000 equipment authorizations.
- The end of year total for 2020 was about 28,000 equipment authorizations.

* Most TCBs will need to test more devices in 2021 so plan now!

Some Numbers cont...

- 35 of 39 TCBs submitted their 2020 surveillance report on time by March 31, 2021 and met the requirement.
- ISO/IEC 17065 section 4.1.2.1 requires a certification agreement between TCB and their client.
- Ensure that the client is aware of the grantee surveillance requirements.
