Dear Mr. Steele:

The Federal Communications Commission (Commission) is required by section 3515 of title 31 of the United States Code to produce annual financial statements and have those statements audited. Also under section 3515 of title 31, the Office of Management and Budget (OMB) was given authority to prescribe the form and content of Federal agencies' financial statements. OMB's guidance on the form and content of agency financial statements and reporting deadlines can be found in OMB Circular A-136, which is entitled Financial Reporting Requirements and was most recently revised on June 3, 2008. We expect Welch & Company to familiarize itself with the recently updated version of Circular A-136, which is available at: http://www.whitehouse.gov/omb/circulars/a136/a136_revised_2008.pdf.

Consistent with Circular A-136, the Commission produces the following consolidated financial statements: Balance Sheet, Statement of Net Cost, Statement of Changes in Net Position, Statement of Budgetary Resources, and Statement of Custodial Activity. The financial information that you are required to report to the Commission as one of its reporting components is used to compile the Commission's consolidated financial statements. To meet Federal financial accounting and reporting requirements, the Commission utilizes generally accepted accounting principles for Federal entities and the United States Standard General Ledger. As a reporting component of the Commission, you are expected to also follow these standards.

As a means of ensuring that both the Commission and Welch & Company have a clear understanding of reporting expectations for the close of FY 2008, the Commission has attached a matrix (See Attachment A) detailing the reports, schedules, and reconciliations that are required for various reporting purposes and the frequency at which they are required.

In addition to the reporting matrix, the Commission is providing you with the scheduled due dates for the remainder of the year by which we must have the quarterly and interim financial statement packages in order to complete the consolidated interim and annual financial statements during FY 2008.

Reporting Period:

Due Date to Commission:

August 31, 2008

September 12, 2008

September 30, 2008

October 10, 2008

We look forward to working with Welch & Company to complete the reporting process for FY 2008.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Stephenis", written over a horizontal line.
