

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is found at sections 1, 4, 225, and 303(r) of the Communications Act of 1934, as amended (Act), 47 U.S.C. 151, 154, 225, and 303(r).

Total Annual Burden: 3 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information collection does not require the collection of personally identifiable information (PII) from individuals.

Privacy Impact Assessment: No impact(s).

Needs and Uses: In document FCC 10–88, the Commission finds good cause to adopt an interim rule requiring the Chief Executive Officer, Chief Financial Officer, or other senior executive of a Telecommunications Relay Service (TRS) provider submitting minutes to the Interstate TRS Fund (Fund) administrator for compensation on a monthly basis to certify, under penalty of perjury, that the submitted minutes were handled in compliance with section 225 of the Act and the Commission's rules and orders. Also in this document, the Commission requires such an executive to certify, under penalty of perjury, that cost and demand data submitted to the Fund administrator on an annual basis related to the determination of compensation rates or methodologies are true and correct. The explosive growth in the Fund in recent years and evidence of fraud against the Fund, as evidenced by recent indictments and guilty pleas from call center managers and employees admitting to defrauding the Fund of tens of millions of dollars, require the Commission to take immediate steps in preserving the Fund to ensure the continued availability of TRS. By requiring providers to be more accountable for their submissions, the Commission takes necessary, affirmative steps to preserve the TRS Fund.

FEDERAL COMMUNICATIONS COMMISSION

Privacy Act System of Records

AGENCY: Federal Communications Commission (FCC, Commission, or the Agency).

ACTION: Notice; one new Privacy Act system of records; two deleted systems of records.

SUMMARY: Pursuant to subsection (e)(4) of the *Privacy Act of 1974*, as amended (“Privacy Act”), 5 U.S.C. 552a, the FCC proposes to add one new, consolidated system of records, FCC/EB–5, “Enforcement Bureau Activity Tracking System (EBATS).” FCC/EB–5, “EBATS” will incorporate the information, *e.g.*, personally identifiable information (PII), presently covered by two FCC systems of records, FCC/EB–1, “Violators Files,” and FCC/EB–3, “Investigations and Hearings,” and also add new and updated information that pertains to the mission and activities of the FCC's Enforcement Bureau (EB or Bureau), including spectrum enforcement. Upon both the approval and deployment of FCC/EB–5, “EBATS,” the Commission will cancel FCC/EB–1 and FCC/EB–3. The purposes for adding this new system of records, FCC/EB–5, “EBATS,” are for EB to use the records in this system of records to improve the Bureau's operations and work flow, increase its reporting capabilities, and improve the reliability and consistency of its data. The new system of records will consolidate the systems of records that the Bureau currently uses so that all the PII data in the various EB information systems are now housed in a single, Bureau-wide, and consistently-defined system of records.

DATES: In accordance with subsections (e)(4) and (e)(11) of the Privacy Act, any interested person may submit written comments concerning the alteration of this system of records on or before January 13, 2011. The Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB), which has oversight

responsibility under the Privacy Act to review the system of records, and Congress may submit comments on or before January 24, 2011. The proposed new system of records will become effective on January 24, 2011 unless the FCC receives comments that require a contrary determination. The Commission will publish a document in the **Federal Register** notifying the public if any changes are necessary. As required by 5 U.S.C. 552a(r) of the Privacy Act, the FCC is submitting reports on this proposed new system to OMB and Congress.

ADDRESSES: Address comments to Leslie F. Smith, Privacy Analyst, Performance Evaluation and Records Management (PERM), Room 1-C216, Federal Communications Commission (FCC), 445 12th Street, SW., Washington, DC 20554, (202) 418-0217, or via the Internet at Leslie.Smith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Contact Leslie F. Smith, Performance Evaluation and Records Management (PERM), Room 1-C216, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554, (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the *Privacy Act of 1974*, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of this proposed new system of records maintained by the FCC. The FCC previously gave complete notice of the two systems of records, FCC/EB-1, "Violators Files" and FCC/EB-3, "Investigations and Hearings," which it intends to cancel upon both the approval and deployment of FCC/EB-5, "EBATS," as referenced under this notice by publication in the **Federal Register** on April 5, 2006 (71 FR 17234, 17237 and 17238 respectively). This notice is a summary of the more detailed information about the proposed new system of records, which may be viewed at the location given above in the **ADDRESSES** section. The purposes for adding this new system of records, FCC/EB-5, "EBATS," are for the FCC's Enforcement Bureau (EB) to use the records in FCC/EB-5, "EBATS," to improve the Bureau's operations and workflow, increase its reporting capacities, and improve the reliability and consistency of its data. The new system of records will consolidate the separate and independent systems of records that the Bureau currently uses so that all PII data in the various EB information systems are now housed in a single, Bureau-wide, and consistently-defined system of records.

This notice meets the requirement documenting the change to the systems of records that the FCC maintains, and provides the public, OMB, and Congress with an opportunity to comment.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Information about individuals in this system of records may routinely be disclosed under the following conditions:

1. *Public Access*—Copies of FCC enforcement actions are available for public inspection via the Internet at <http://www.fcc.gov/eb/>, and in the FCC's Reference Information Center at <http://www.fcc.gov/cgb/ric.html>;

2. *Employment, Clearances, Licensing, Contract, Grant, or other Benefits Decisions by the Agency*—Disclosure may be made to a Federal, State, local, or foreign agency maintaining civil, criminal, or other relevant enforcement records, other pertinent records, or to another public authority or professional organization, if necessary to obtain information relevant to an investigation concerning the retention of an employee or other personnel action (other than hiring), the retention of a security clearance, the letting of a contract, or the issuance or retention of a grant or other benefit;

3. *Employment, Clearances, Licensing, Contract, Grant, or other Benefits Decisions by an Entity other than the Agency*—Disclosure may be made to a Federal, State, local, foreign, Tribal, or other public authority of the fact that this system of records contains information relevant to the retention of an employee, the retention of a security clearance, the letting of a contract, or the issuance or retention of a license, grant, or other benefit. The other agency or licensing organization may then make a request supported by the written consent of the individual for the entire records if it so chooses. No disclosure will be made unless the information has

been determined to be sufficiently reliable to support a referral to another office within the Agency or to another Federal agency for criminal, civil, administrative, personnel, or regulatory action;

4. *Adjudication and Litigation*—Where by careful review, the Agency determines that the records are both relevant and necessary to litigation and the use of such records is deemed by the Agency to be for a purpose that is compatible with the purpose for which the Agency collected the records, these records may be used by a court or adjudicative body in a proceeding when: (a) The Agency or any component thereof; or (b) any employee of the Agency in his or her official capacity; or (c) any employee of the Agency in his or her individual capacity where the Agency has agreed to represent the employee; or (d) the United States Government is a party to litigation or has an interest in such litigation;

5. *Law enforcement and Investigation*—Where there is an indication of a violation or potential violation of a statute, regulation, rule, or order, records from this system may be shared with appropriate Federal, State, or local authorities either for purposes of obtaining additional information relevant to a FCC decision or for referring the record for investigation, enforcement, or prosecution by another agency;

6. *Congressional Inquiries*—When requested by a Congressional office in response to an inquiry by an individual made to the Congressional office for their own records;

7. *Government-wide Program Management and Oversight*—When requested by the National Archives and Records Administration (NARA) for the purpose of records management inspections conducted under authority of 44 U.S.C. 2904 and 2906; when the U.S. Department of Justice (DOJ) is contacted in order to obtain that department's advice regarding disclosure obligations under the Freedom of Information Act; or when the Office of Management and Budget (OMB) is contacted in order to obtain that office's advice regarding obligations under the Privacy Act;

8. *FCC Enforcement Actions*—When a record in this system involves an informal complaint filed alleging a violation of FCC Rules and Regulations (as defined above) by an applicant, licensee, regulated entity or an unlicensed person or entity, the complaint may be provided to the alleged violator for a response. When an order or other Commission-issued document that includes consideration of

an informal complaint or complaints is issued by the FCC to implement or to enforce FCC Rules and Regulations (as defined above), the complainant's name may be made public in that order or document. Where a complainant in filing his or her complaint explicitly requests that confidentiality of his or her name from public disclosure, the Commission will endeavor to protect such information from public disclosure. Complaints that contain requests for confidentiality may be dismissed if the Commission determines that the request impedes the Commission's ability to investigate and/or resolve the complaint;

9. *Breach of Federal Data*—A record from this system may be disclosed to appropriate agencies, entities, and persons when (1) the Commission suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (2) the Commission has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs (whether maintained by the Commission or another agency or entity) that rely upon the compromised information; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Commission's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm;

10. *Due Diligence Inquiries*—Where there is an indication of a violation or potential violation of FCC Rules and Regulations (as defined above), records from this system may be shared with a requesting individual, or representative thereof, for purposes of obtaining such information so long as relevant to a pending transaction of a FCC-issued license.

In each of these cases, the FCC will determine whether disclosure of the records is compatible with the purpose for which the records were collected.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

None.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Information in this information system consists of electronic records, files, and data that are stored in the FCC's computer network databases, at headquarters and in the field offices,

and paper records, documents, and files that are stored in filing cabinets in the EB office suites at headquarters and in field offices.

RETRIEVABILITY:

1. Information in the electronic database information can be retrieved by the name(s) of the individual(s) who filed the complaint(s), the individual who is subject of the complaint, and by a unique case number assigned to each type of activity conducted by the Bureau, *e.g.*, inspections, audits, investigations, hearings, due diligence requests, *etc.*

2. Information in the central files, *e.g.*, paper documents, records, and files, *etc.*, includes all the other information pertaining to these complainant investigations and/or cases, *i.e.*, name, address, telephone number, *etc.*, and is maintained for reference and archival purposes. This information is retrieved by a unique identification number assigned to each complainant investigation and/or case.

SAFEGUARDS:

The paper files, documents, and records are stored in file cabinets in non-public areas in the EB office suites at headquarters and in field offices. The file cabinets are locked at the end of each business day or when not in use.

The electronic records, data, and files are maintained in the FCC computer network databases at headquarters and in the field offices. Access to both the paper files and the electronic files is restricted to authorized EB supervisors and staff. Authorized staff and contractors in the FCC's Information Technology Center (ITC) have access to the electronic files. Other employees, interns, and contractors may be granted access to the paper files and/or the electronic files on a "need-to-know" basis. The FCC's computer network databases are protected by the FCC's security protocols, which include controlled access, passwords, and other security features. Information resident on the database servers is backed-up routinely onto magnetic media. Backup tapes are stored on-site and at a secured, off-site location. The information that is stored in the computer databases in the EB field offices is protected by similar security protocols and safeguards.

RETENTION AND DISPOSAL:

The retention schedule for this system of records has not yet been determined. No records will be destroyed until a disposal schedule is approved by the National Archives and Records Administration (NARA). [check with Records Management]

FEDERAL MARITIME COMMISSION

[Docket No. 10–10]

Draft Cargoways India (PVT.) LTD. v. DAMCO U.S.A., INC., DAMCO A/S, A.P. Moller–Maersk A/S, Glencore LTD., and Allegheny Alloys Trading LP; Notice of Filing of Amended Complaint

Notice is given that an Amended Complaint has been filed with the Federal Maritime Commission ("Commission") by DRAFT CARGOWAYS (INDIA) PVT. LTD. ("Complainant") in this proceeding against DAMCO USA, INC., DAMCO A/S, AND A.P. MOLLER–MAERSK A/S ("Respondent") noticed on November 16, 2010 (75 FR 20005). Complainant asserted in its original complaint that Respondents violated Sections 8(a)(1), 10(b)(2)(A), 10(b)(11), 10(b)(13) and 10(d)(1) of the Shipping Act of 1984, 46 U.S.C. 40501(a)(1), 41104(2) and (11), 41103(a) and 41102(c). Complainant alleged that Respondents "invoiced and attempted to collect amounts from Complainant for demurrage and detention" on the shipments at issue and that "DAMCO A/S' published tariff did not contain any demurrage and detention provisions * * *." Complainant alleged that Respondent DAMCO US has "made * * * false representations, misleading statements or omissions in a Complaint (* * *) filed in the United States District Court for the Eastern District of Virginia" pertaining to the same shipping transactions. Complainant also alleged that Respondents "have repeatedly utilized a 'bait and switch' scheme * * * in misleading the shipping public, including DRAFT, * * * by utilizing DAMCO US, DAMCO A/S, and MAERSK as interchangeable parts" and that the scheme is a "practice." Complainant asserted that by using this scheme Respondents "knowingly disclosed, offered, solicited and received information concerning the nature, kind, quantity, destination, shipper, consignee, and routing of the property * * * without the consent of DRAFT and us(ed) that information to the detriment and disadvantage to DRAFT." Complainant asserted that it "has lost significant business to MAERSK generated by its Indian accounts related to subject shipments."
