for FCC employees and contractors following the FCC/National Treasury Union (NTEU) space assignment policy. In the event of an emergency, the SMC staff will devise a "Reconstitution Plan" in which they will extract information from the CSMS information system to create the space requirements for alternative work location(s) in other buildings to be used to relocate FCC employees and/or contractors. This information may be shared with the General Services Administration (GSA), National Telecommunications and Information Administration (NTIA), Department of Homeland Security (DHS), and Federal Emergency Management Agency (FEMA), etc.; District of Columbia, Virginia, and Maryland state governments, etc.; and other Federal, state, and local agencies involved in Federal agency evacuation, emergency facilities, space management, and/or relocation policies and plans, etc., as part of the FCC's Reconstitution Plan.
