

requests that its pending Form 301 application not be immediately processed, the Tribal Allotment will be placed in a queue to be auctioned in the normal course for vacant FM allotments. When the Tribal Allotment is offered at auction for the first time, only applicants meeting the “threshold qualifications” may specify that particular Tribal Allotment on FCC Form 175, Application to Participate in an FCC Auction (OMB Control No. 3060–0600). Should no qualifying party apply to bid or qualify to bid on a Tribal Allotment in the first auction in which it is offered, then the Tribal allotment will be offered in a subsequent auction and any applicant, whether or not a Tribal entity, may apply for the Tribal Allotment.

Consistent with actions taken by the Commission in the Third R&O, Form 301 has been revised to accommodate applicants applying in a TQ Window for a Tribal Allotment. As noted above, an applicant applying in the TQ Window, who was not the original proponent of the Tribal Allotment at the rulemaking stage, must demonstrate that it would have qualified in all respects to add the particular Tribal Allotment for which it is applying. Form 301 contains a new question in Section II—Legal titled “Tribal Priority—Threshold Qualifications.” An applicant answering “yes” to the question must provide an Exhibit demonstrating that it meets all of the Tribal Priority eligibility criteria. The Instructions for the Form 301 have been revised to assist applicants with completing the responsive Exhibit.

In addition, Form 301 contains a new option under Section I—General Information—Application Purpose, titled “New Station with Petition for Rulemaking to Amend FM Table of Allotments using Tribal Priority.” A petitioner seeking to add a Tribal Allotment to the FM Table of Allotments must file Form 301 when submitting its Petition for Rule Making. This new Application Purpose field will assist the staff in quickly identifying Form 301 applications filed in connection with a petition to add a Tribal Allotment and initiating the “threshold qualification” procedures.

This information collection is being revised to accommodate applicants applying in a Threshold Qualifications Window for a Tribal Allotment that had been added to the FM Table of Allotments using the Tribal Priority under the new “threshold qualifications” procedures adopted in the Third R&O.
