

**Federal Communications Commission  
Public Safety and Homeland Security Bureau**

<b>Agency/Bureau/Office:</b>	<a href="#">Federal Communications Commission, Public Safety &amp; Homeland Security Bureau, Communications Systems Analysis Division (CSAD), 445 12<sup>th</sup> Street, SW, Washington, DC 20554</a> The Communications Systems Analysis Division (CSAD) is seeking to fill a full-time technical internship position for the summer of 2011. CSAD provides technical and policy advice and drafts Commission and Public Safety and Homeland Security Bureau-level orders, public notices, studies, analyses, and other documents on a variety of public safety and homeland security-related communications issues such as cyber security, network resiliency, 911 reliability, disruptions to communications networks and systems, national security, disaster management, and other related issues.
<b>Internship Period(s):</b>	Summer 2011
<b>General Duties:</b>	<b>Unpaid Technical Intern</b> The intern will assist senior-level technical staff with analyses of the reliability, resiliency, and security of communications systems and services. The intern will contribute to the analysis of data available to the Commission regarding the security and reliability of wireless and wireline communication networks, and possibly including impacts of cyber security attacks on the communications infrastructure. Additionally, the intern will assist in the preparation of technical reports and memoranda, and other Commission documents. The intern may also attend and participate in meetings with Commission personnel and outside parties.
<b>Selection Criteria:</b>	Graduate students with undergraduate BS degrees in a technical discipline and currently enrolled in a Masters or PhD engineering, computer science, or cyber security program with strong analytical, research, writing, presentation, and organizational skills. Students must be enrolled in one of the aforementioned graduate programs at least half-time in order to apply.
<b>Send Application to:</b>	Vernon Mosley, Communications Systems Analysis Division, Public Safety and Homeland Security Bureau at <a href="mailto:vernon.mosley@fcc.gov">vernon.mosley@fcc.gov</a> .
<b>Application Information:</b>	Cover letter, resumé, two professional letters of recommendation, and a brief writing or presentation sample.
<b>Additional Information:</b>	If you should have any questions concerning this internship, please contact Vernon Mosley via email at <a href="mailto:vernon.mosley@fcc.gov">vernon.mosley@fcc.gov</a> or telephone at (202) 418-2478.
<b>Application Deadline(s):</b>	Not set
