**Re: CS Docket No. 00-30  
AOL-Time Warner Merger**

**CS Docket No. 99-251  
AT&T/MediaOne Merger**

**Notice of Oral *Ex Parte* Presentation**

Dear Ms. Roman-Salas:

Pursuant to Section 1.1206(b) of the Commission's rules, this letter provides notice of a January 7, 2001 oral *ex parte* presentation by Andrew Jay Schwartzman of Media Access Project in a telephone conversation with David Goodfriend, Legal Assitant to Commissioner Ness.

Mr. Schwartzman urged that the Commission should direct that any order granting the AOL/Time Warner applications should be conditioned on assurances that local and regional ISP's be afforded access. He stated that this would cause minimal disruption to AOL/Time Warner while advancing the Commission's public interest objectives of diversity and localism. He explained that fulfilled the Commission's diversity goals, especially in light of the First Amendment implications of affording citizens the opportunity to engage in civic discourse.

Mr. Schwartzman also endorsed interoperability for instant messaging services. He stated that a mere requirement that a second, unaffiliated IM service be available on any cable internet system was of limited utility. He expressed the view that providing more services was important, and that the standard for waiving those obligations should be high, consistent with ordinary principles of administrative law.

Respectfully submitted,

Andrew Jay Schwartzman  
Counsel for CU, *et al.*

cc. David Goodfriend
