

I will not send the form letter that I read for making comments regarding the planned AOL/TW merge. This because I feel the FCC has received enough of these and may not pay much attention to more. My simply request is this.. Please consider AOL/TW current customer based problems BEFORE you allow them to become even bigger. My personal experience mostly with TW has been the fact that in the past 6 months they act like they could care less about any customers. I believe they feel that once they are merged, customers will have zero choices and it doesn't matter how they treat us. Thanks for taking the time to read this info. Please do not allow TW/AOL to merge.
