

To Whom It May Concern:

April 1, 2002 we are going to lose our local CBS station and the alternative station for CBS is more than 100 miles away in Champaign, IL. If this merger goes through we will be able to get our CBS network through our Dish. We are also RVers and when we are away from our home area we will also be able to get our local station ABC, CBS, FOX, WARNER BROTHERS & PBS. We do not want to hook up to the cable as they are very unreliable in our area. We also have friends of ours that live in the country and do not have cable available - this merger would be wonderful for them as they get TV like the ones in town.

We hope this merger goes through as it will really advance TV in our area.
