

The Honorable Michael K. Powell  
Chairman  
Federal Communications Commission  
445 12th Street, S.W.  
Washington, D.C. 20554

Dear Chairman Powell:

Dear Sirs,

Great idea, It means an awesome future for cars & trucks with OnStar and the new technologies that can be developed because of nationwide satellite coverage but this leaves a monopoly with no competition. Directv has a very sloppy accounting department and cannot keep bills straight. If Directv and Echostar merge that means the accounting will be worse than it is now. They cannot handle what they have got, how do you think accounting will be handled when you get GM, Echostar and Directv in the same bed? This merger will also mean that rates can go through the roof. Please do not OK this merger.

Sincerely,

Randal Bass
