

The Honorable Michael K. Powell
Chairman
Federal Communications Commission

Washington, D.C. 20554

Dear Chairman Powell:

I am writing on behalf of this merger. I have been a cable subscriber for years and have just converter to satellite tv. The reason for my conversion was plainly the dissatisfaction with the service provided by my cable company (Adelphia). They have had a strangle hold on local tv which keeps their subscribers up. There is no accountablility for these people. You either deal with their service or live without local tv. I have personally decided I will live without local TV but would like to have it if I could. This merger would put competition back into the television industry which would give people better and more choices about what they want. This merger would help all consumers.

Sincerely,

Brandon Ramsey
