Dear Chairman Powell:

STOP !!!! HOLD IT RIGHT THERE.... If you believe that you can trust dishnet your just living in a fantasy world.....-----background, mine I worked for Suburban services installing systems for dishnet. with dishnets approval we were forced to become subcontractors , we were charged an 8% fee for working with dishnet , we were required to work 7 day weeks ,remember we're supposed to be subcontractors, we were required to do work with no pay !!!, multipule backcharges for reasons beyond our control, and more. If you want to know how dishnet treats they'er installers contact me sbrewer@brinet .com or ph. 828-506-5453 I've got names of other techs. A very long list of practices that are against the law that dishnets install companys use against there installers . Let me say that I'm now installing direct tv and I can pay my bills and am considered one of the better installers. bottom line if the merger goes thru I won't have a job that pays the bills

Sincerely,

Steve Brewer
