

We must end the current Monopoly Status of Cablevision (my only local cable company) through this merger in order to try and make 'Equals' in Competition and Service.

As you know the Cable companies have had Years of a head start and are in ownership Deals and Situations so as to Render Them Monopolies of the Entertainment Fields they operate in (both in providing Programming, Content and Reception).

You MUST allow Echostar and GMH-Direct-TV to MERGE in order to STOP the CURRENT MONOPOLISTIC PRACTICES OF THE CABLEVISIONS, AOL-TIME/WARNERS, and AT&T's to Continue to Abuse their rights and OVER CHARGE us: 'THE CONSUMERS'!
Please VOTE FOR the MERGER - Thank You.
