

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

I am writing to express my opposition to the DirectTV/Dish Network merger. I feel very strongly against this merger because of the service levels provided by one of the organizations. For those of us who either choose not to subscribe to cable tv, or who cannot get cable where we live, satellite has provided a wonderful solution. By approving the merger of these 2 companies, you will take away the competition in this market, effectively providing a monopoly for the finalized company. The result of this could be disasterous to subscribers such as my self. While the 2 companies remain separate, there is a choice for consumers to make, if they are merged, there will be no choice. The monopoly that will be created will subvert the wonderful levels of customer service currently provided by Dish Network. In summary, I am opposed to this merger because I feel that it will create a monopoly in this business and the consumers are the ones that will suffer. Thank you for your ti!
me.

Sincerely,

Tammy Dellinger
